

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tim Zielke
DOCKET NO.: 19-04894.001-R-1
PARCEL NO.: 06-27-212-014

The parties of record before the Property Tax Appeal Board are Tim Zielke, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,580
IMPR.: \$76,494
TOTAL: \$93,074

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,130 square feet of living area. The dwelling was constructed in 1997. Features of the home include a full basement with a recreation room, central air conditioning, a fireplace and a 402 square foot garage. The property has a 16,120 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on ten comparable sales located within the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 10,020 to 17,890 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding exterior construction ranging in size from 1,808 to 2,534 square feet of living area. The dwellings were built from 1992 to 1994 with comparable #5 having a reported

effective age of 1995. The comparables each have a basement, four of which have recreation rooms. Each comparable has central air conditioning and a garage that ranges in size from 420 to 694 square feet of building area. The appellant reported that nine comparables each have a fireplace and one comparable has a frame utility shed. The properties sold from February 2018 to July 2019 for prices ranging from \$227,500 to \$327,000 or from \$98.10 to \$139.52 per square foot of living area, including land. As part of the submission, the appellant provided Multiple Listing Service listing sheets associated with the sales of comparables #1, #3, #4 and #10. Counsel for the appellant noted differences between five of the comparables and the subject. Based on this evidence, the appellant requested the subject's assessment be reduced to \$88,031, which would reflect a market value of \$264,119 or \$124.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,074. The subject's assessment reflects a market value of \$282,986 or \$132.86 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within the same assessment neighborhood code as the subject. The board of review comparables #3 and #4 are duplicates of the appellant's comparables #9 and #10, respectively. The comparables have sites that range in size from 8,710 to 17,890 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding exterior construction ranging in size from 2,042 to 2,418 square feet of living area. The dwellings were built in 1993 or 1998. The comparables each have a basement, four of which have recreation rooms. Each comparable has central air conditioning, a fireplace and a garage that ranges in size from 436 to 694 square feet of building area. One comparable has a frame utility shed. The properties sold from May 2018 to July 2019 for prices ranging from \$284,900 to \$320,000 or from \$118.65 to \$140.79 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 13 suggested comparable sales for the Board's consideration, as two comparables are common to both parties. The Board has given less weight to the appellant's comparables #1, #2, #4, #5, #7 and #8 due their dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and some features. These

properties sold from March 2018 to July 2019 for prices ranging from \$237,249 to \$320,000 or from \$111.23 and \$140.79 per square foot of living area, including land. The subject's assessment reflects a market value of \$282,986 or \$132.86 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
