

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Bucataru
DOCKET NO.: 19-04897.001-R-1
PARCEL NO.: 06-26-108-009

The parties of record before the Property Tax Appeal Board are Daniel Bucataru, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,032
IMPR.: \$40,505
TOTAL: \$48,537

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of vinyl siding exterior construction with 1,080 square feet of living area. The dwelling was constructed in 1947 and has a reported effective age of 1963. Features of the home include a crawl space foundation, central air conditioning and a 396 square foot garage. The property has a 13,070 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located from 1.34 to 1.38 miles from the subject property and within the same assessment neighborhood code as the subject. The comparables have sites with either 6,530 or 8,710 square feet of land area. The comparables are improved with 1.5-story dwellings of vinyl siding exterior construction ranging in size from 1,193 to 1,296 square feet of living area. The dwellings were built from 1948 to 1956. The

appellant reported that one comparable has a crawl space foundation and two comparables each have a basement, one of which has a recreation room. Each comparable has central air conditioning and a garage that ranges in size from 280 to 437 square feet of building area. The properties sold in October 2018 or May 2019 for prices ranging from \$128,000 to \$202,000 or from \$98.77 to \$167.50 per square foot of living area, including land. Counsel for the appellant noted differences between the comparables and the subject. Based on this evidence, the appellant requested the subject's assessment be reduced to \$46,459, which would reflect a market value of \$139,391 or \$129.07 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,537. The subject's assessment reflects a market value of \$147,574 or \$136.64 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located from .88 to 1.35 miles from the subject property and within the same assessment neighborhood code as the subject. The board of review's comparable #1 is a duplicate of the appellant's comparable #2. The comparables have sites that range in size from 6,100 to 6,530 square feet of land area. The comparables are improved with 1.5-story dwellings of vinyl siding exterior construction ranging in size from 1,080 to 1,193 square feet of living area. The dwellings were built from 1930 to 1950 with comparable #2 having a reported effective age of 1970. The board of review reported that one comparable has a crawl space foundation and two comparables each have a basement, one of which has finished area. Two comparables have central air conditioning and each comparable has a garage that ranges in size from 324 to 437 square feet of building area. The comparables sold from December 2018 to May 2019 for prices ranging from \$150,000 to \$165,000 or from \$131.58 to \$152.78 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of five suggested comparable sales for the Board's consideration, as one sale was common to both parties. The Board has given less weight to the appellant's comparables #2 and #3, as well as board of review's comparables #1 and #3 due to their dissimilar basement foundations when compared to the subject's crawl space foundation.

The Board finds the best evidence of market value to be the appellant's comparable #1 and board of review comparable #2, which are similar to the subject in design and most features. The

Board finds the appellant's comparable #1 has a larger dwelling size and a slightly older effective age, while board of review comparable #2 is identical to the subject in dwelling size but has a slightly newer effective age. Nevertheless, these comparables sold in October and December 2018 for prices of \$128,000 and \$165,000 or for \$98.77 and \$152.78 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$147,574 or \$136.64 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
