

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Vole
DOCKET NO.: 19-04905.001-R-1
PARCEL NO.: 06-29-100-067

The parties of record before the Property Tax Appeal Board are Peter Vole, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$35,501
IMPR.:	\$0
TOTAL:	\$35,501

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a vacant residential parcel containing approximately 154,200 square feet of land area.¹ The property is located in Round Lake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on two comparable sales. The residential parcels are located approximately 1.03 of a mile and 3.92 miles from the subject, one of which is in Round Lake. The parcels contain 209,960 and 366,780 square feet of land area, respectively. Comparable #1 has a pole building of wood construction. The comparables sold in June 2017 and July 2019 for prices of \$110,000 and \$140,000 or \$0.30 and \$0.67 per square foot of land area. Based on this

evidence, the appellant requested a reduction in the subject's assessment to \$34,001, which would reflect a market value of \$102,013 or \$0.66 per square foot of land area, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,363. The subject's assessment reflects a market value of \$189,611 or \$1.23 per square foot of land area, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located from .58 of a mile to 7.12 miles from the subject property, one of which is in Round Lake. The board of review reported that one comparable is located in an industrial park, one comparable is a commercial/residential mixed use property and one comparable is a farm parcel. The comparables have sites that range in size from 11,670 to 200,810 square feet of land area. Comparable #1 has a pole building of metal construction. The comparables sold from June 2018 to January 2020 for prices ranging from \$135,000 or \$1,250,000 or from \$1.12 to \$22.81 per square foot of land area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds a reduction in the subject's assessment is warranted based upon the evidence in the record.

The record contains seven suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #2, along with the comparables presented by the board of review due to differences from the subject in location, site size and/or their sale dates did not occur proximate in time to the January 1, 2019 assessment date at issue.

The Board finds on this limited record that the best evidence of market value is the appellant's comparable sale #1. The Board finds this comparable to be overall most similar to the subject in location and site size. This comparable sold in July of 2019 for a price of \$140,000 or \$0.67 per square foot of land area. The subject's assessment reflects a market value of \$189,611 or \$1.23 per square foot of land area, which is greater than the most similar comparable sale in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparable for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is excessive. Therefore, based on this record, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
