

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Corso
DOCKET NO.: 19-04922.001-R-1
PARCEL NO.: 07-07-414-020

The parties of record before the Property Tax Appeal Board are Jennifer Corso, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,728
IMPR.: \$74,930
TOTAL: \$89,658

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,019 square feet of living area. The dwelling was constructed in 1993. Features of the home include an unfinished basement and a 399 square foot garage. The property has a 14,800 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within 1,118 feet of the subject property and within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 10,590 to 20,190 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,019 to 2,441 square feet of living area. The dwellings were built in 1992 or 1993. Each comparable has a basement, two of which have recreation rooms. The comparables each have

central air conditioning and a garage with either 399 or 420 square feet of building area. Three comparables each have one or two fireplaces. The properties sold from February 2018 to August 2019 for prices ranging from \$237,000 to \$285,900 or from \$97.09 to \$133.23 per square foot of living area, including land. As part of the submission, the appellant provided the Multiple Listing Service listing sheet associated with the sales of comparables #1 and #3. Counsel for the appellant noted differences between the comparables and the subject. Based on this evidence, the appellant requested the subject's assessment be reduced to \$78,733, which would reflect a market value of \$236,223 or \$117.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,658. The subject's assessment reflects a market value of \$272,600 or \$135.02 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within 1,335 feet of the subject property and within the same assessment neighborhood code as the subject. The board of review's comparable #1 is a duplicate of the appellant's comparable #4. The comparables have sites that range in size from 8,030 to 15,200 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction with either 2,019 or 2,030 square feet of living area. The dwellings were built from 1991 to 1993. Each comparable has a basement, two of which have recreation rooms. The comparables each have central air conditioning, a fireplace and a garage with either 399 or 420 square feet of building area. The properties sold from February 2018 to September 2019 for prices ranging from \$265,000 to \$315,000 or from \$130.54 to \$156.02 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested comparable sales for the Board's consideration, as one sale was common to both parties. The Board gives less weight to the appellant's comparables and board of review comparables #1 and #4, which includes the common sale, due to their larger dwelling sizes and/or finished basements when compared to the subject.

The Board finds the best evidence of market value to be board of review comparables #2, #3 and #5, which are similar to the subject in location, dwelling size, design, age and many features. The Board finds two of these comparables are identical to the subject in dwelling size and garage size. These three properties sold from July 2019 to September 2019 for prices ranging from

\$265,000 to \$350,000 or from \$130.54 to \$156.02 per square foot of living area, including land. The subject's assessment reflects a market value of \$272,600 or \$135.02 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
