

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bryan Coolican
DOCKET NO.: 19-04924.001-R-1
PARCEL NO.: 07-08-401-018

The parties of record before the Property Tax Appeal Board are Bryan Coolican, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,403
IMPR.: \$133,499
TOTAL: \$156,902

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,514 square feet of living area. The dwelling was constructed in 1992. Features of the home include a basement with a recreation room, central air conditioning, a fireplace and a 710 square foot garage. The property has a 25,200 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .33 miles from the subject property. The comparables have sites that range in size from 25,170 to 37,660 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,734 to 3,582 square feet of living area. The dwellings were built from 1989 to 1992. Each comparable has a basement with a recreation room, central air conditioning,

one fireplace, and a garage ranging in size from 440 to 710 per square foot of building area. Comparable #2 has an inground swimming pool. The appellant asserted comparable #5 was a recent rehab. The comparables sold from June 2018 to February 2019 for prices ranging from \$290,000 to \$545,000 or from \$105.84 to \$152.15 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,902. The subject's assessment reflects a market value of \$477,051 or \$135.76 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. Board of review comparables #1 and #2 were duplicates of appellant's comparables #4 and #5. The comparables have sites that range in size from 25,170 to 33,280 and are improved with two-story dwellings of wood siding exterior construction that range in size from 3,090 to 3,582 square feet of living area. The dwellings were built in 1989 or 1990. Each comparable has a basement with finished area, central air conditioning, one fireplace and an attached garage with 654 or 710 square feet of building area. The comparables sold from June 2018 to January 2020 for prices ranging from \$433,000 to \$545,000 or from \$128.35 to \$152.15 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparables for the Board's consideration with two comparables common to both parties. The Board gives less weight to appellant's comparables #1, #2 and #3 due to their considerably smaller dwelling sizes when compared to the subject. In addition, appellant's comparable #2 has an inground swimming pool.

The Board finds the best evidence of market value to be the parties' remaining comparables, two of which are common to both parties. These three comparables are more similar overall to the subject in location, age, design, dwelling size, and features. These comparables sold from June 2018 to January 2020 for prices ranging from \$433,000 to \$545,000 or from \$128.35 to \$152.15 per square foot of living area, including land. The subject's assessment reflects a market value of \$477,051 or \$135.76 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
