

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pamela Yager
DOCKET NO.: 19-04966.001-R-1
PARCEL NO.: 12-18-102-003

The parties of record before the Property Tax Appeal Board are Pamela Yager, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,523
IMPR.: \$100,626
TOTAL: \$135,149

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,949 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 441 square foot garage.¹ The property has a 6,770 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable properties, six of which had recent sale

¹ The Board finds the best evidence of the subject's basement was presented in the Multiple Listing Service (MLS) sheet associated with the 2017 sale of the subject property which was submitted by the board of review. The MLS sheet reported an 840 square foot finished recreation room in the basement of the subject property. The appellant failed to complete Section III – Description of Property of the appeal petition.

information. Comparable #7 lacked recent sale information and shall not be further analyzed. The six comparable sales are located within 0.42 of a mile from the subject property. The comparables have sites that range in size from 5,230 to 6,790 square feet of land area and are improved with two-story dwellings of brick and wood siding or stone and wood siding exterior construction that range in size from 2,598 to 2,949 square feet of living area. The dwellings were built from 1994 to 1998. Each comparable has a basement, five with finished area, one or three fireplaces and a garage ranging in size from 420 to 462 square feet of building area. Five comparables have central air conditioning. The properties sold from March 2018 to April 2019 for prices ranging from \$370,000 to \$415,000 or from \$130.89 to \$149.23 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$125,351 which reflects a market value of \$376,091 or \$127.53 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,149. The subject's assessment reflects a market value of \$410,912 or \$139.34 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.42 of a mile from the subject property. Board of review comparables #1, #2 and #3 are the same properties as the appellant's comparables #4, #5 and #6, respectively, which were previously described. The board of review's grid analysis included information on the August 2017 sale of the subject property for \$410,000 or \$139.03 per square foot of living area, land included. A Multiple Listing Service (MLS) sheet associated with this sale was submitted as supporting documentation. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As an initial matter, the Board gives little weight to the August 2017 sale of the subject property since the sale occurred 16 months prior to the January 1, 2019 assessment date at issue in this appeal.

The record contains six comparable sales for the Board's consideration, as one comparable lacked recent sale data and three properties were common to both parties. The Board gives less weight to the appellant's comparable #2 which has an unfinished basement in contrast to the subject's finished basement.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and features. These comparables sold from March 2018 to April 2019 for prices ranging from \$370,000 to \$415,000 or from \$133.91 to \$149.23 per square foot of living area, including land. The subject's assessment reflects a market value of \$410,912 or \$139.34 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
