

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Irwin
DOCKET NO.: 19-05014.001-R-1
PARCEL NO.: 10-19-105-007

The parties of record before the Property Tax Appeal Board are Chris Irwin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,001
IMPR.: \$87,723
TOTAL: \$107,724

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,298 square feet of living area. The dwelling was constructed in 1997. Features of the home include an unfinished basement, central air conditioning, a fireplace, a 716 square foot garage and a 290 square foot inground swimming pool. The property has a 10,454 square foot site and is located in Wauconda, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.36 of a mile from the subject property. The comparables have sites that range in size from 10,890 to 23,960 square feet of land area and are improved with two-story dwellings of wood or vinyl siding exterior construction with either 2,906 or 3,392 square feet of living area. The dwellings were built from 1998 to 2003. Each comparable has a basement, one with finished area, central air conditioning,

one or two fireplaces and a garage ranging in size from 440 to 752 square feet of building area. Comparable #2 is reported to have a utility shed and comparable #3 to have an enclosed porch. The properties sold from May 2018 to March 2019 for prices ranging from \$245,000 to \$323,500 or from \$84.31 to \$111.32 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$97,939 which reflects a market value of \$293,846 or \$89.10 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,724. The subject's assessment reflects a market value of \$327,528 or \$99.31 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in the same assessment neighborhood code as the subject property. Board of review comparables #1 and #2 are the same properties as the appellant's comparables #2 and #3, respectively, which were previously described. Comparable #3 has a 17,860 square foot site improved with a two-story dwelling of wood siding exterior construction containing 2,708 square feet of living area. The home was built 1997 and has an unfinished basement, central air conditioning, one fireplace and a 440 square foot garage. Comparable #3 sold in July 2019 for \$305,000 or \$112.63 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains four comparable sales for the Board's consideration, as two of the comparables were common to both parties. The comparables are generally similar to the subject in location, age, design and dwelling size, but each lacks an inground pool like the subject. The comparables sold from May 2018 to July 2019 for prices ranging from \$245,000 to \$323,500 or from \$84.31 to \$112.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$327,528 or \$99.31 per square foot of living area, including land, which falls above the range established by the best comparable sales in this record on an overall basis and within the range on a per square foot basis. Given the subject's inground swimming pool, an overall value above the range of comparable sales which lack this feature, appears to be logical. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
