

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael O'Laughlin
DOCKET NO.: 19-05016.001-R-1
PARCEL NO.: 10-19-401-003

The parties of record before the Property Tax Appeal Board are Michael O'Laughlin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,386
IMPR.: \$132,839
TOTAL: \$156,225

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling of brick and wood siding exterior construction with 3,750 square feet of living area.¹ The dwelling was constructed in 2000. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 720 square foot garage. The property has an 83,720 square foot lake/golf view site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.64 of a mile from the subject and also in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 11,070 to 19,170 square feet of land area and are

¹ The Board finds the best description of the subject property's design is found in the property record card, submitted by the board of review, which reports 900 square feet of 2nd floor living area.

improved with two-story dwellings of wood siding exterior construction that range in size from 3,057 to 3,271 square feet of living area. The dwellings were built from 1993 to 1999. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 484 to 704 square feet of building area. Comparable #3 also includes an enclosed porch while comparable #4 features an inground swimming pool. The properties sold from September 2018 to June 2019 for prices ranging from \$321,600 to \$420,000 or from \$102.10 to \$136.72 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$149,985 which reflects a market value of \$450,000 or \$120.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$167,566. The subject's assessment reflects a market value of \$509,474 or \$135.86 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from 0.04 of a mile to 1.05 miles from the subject property. The comparables have sites that range in size from 87,560 to 148,370 square feet of land area and are improved with one-story or two-story dwellings of brick or brick and wood siding exterior construction that range in size from 2,965 to 3,378 square feet of living area. The homes were built from 1976 to 2004. Each comparable has a basement, one with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 816 to 2,078 square feet of building area. The properties sold from September 2016 to August 2020 for prices ranging from \$450,000 to \$642,500 or from \$149.35 to \$196.66 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #4 which features an inground swimming pool unlike the subject. The Board gives reduced weight to the board of review comparables which differ from the subject in age, design and/or sold less proximate in time to the January 1, 2019 assessment date than other comparables in the record.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age and dwelling size. Although these properties have smaller sites, garage size and two lack a finished basement, suggesting upward adjustments are

needed to make them more equivalent to the subject. These comparables sold from September 2018 to June 2019 for prices ranging from \$321,600 to \$355,000 or from \$102.10 to \$116.13 per square foot of living area, including land. The subject's assessment reflects a market value of \$509,474 or \$135.86 per square foot of living area, including land, which falls above the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
