

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Henry Huynh
DOCKET NO.: 19-05107.001-R-1
PARCEL NO.: 13-01-404-002

The parties of record before the Property Tax Appeal Board are Henry Huynh, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,601
IMPR.: \$182,124
TOTAL: \$213,725

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of brick exterior construction with 3,353 square feet of living area.¹ The dwelling was constructed in 1963 and has an effective year built of 1988. Features of the home include a basement with finished area, central air conditioning, a fireplace and an 886 square foot garage. The property has a 43,740 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 1.34 miles from the subject property. The comparables have sites that range in size from 41,987 to 67,614 square feet of land area and are improved with 2-story dwellings of frame or brick and frame exterior

¹ The Board finds the best description of the subject's style and dwelling size was reported in the property record card submitted by the board of review.

construction that range in size from 2,816 to 4,168 square feet of living area. The dwellings were built from 1957 to 2017 with the oldest comparable having an effective year built of 1968. Each comparable has a basement, two with finished area, one to three fireplaces and a garage ranging in size from 430 to 726 square feet of building area. Four comparables have central air conditioning. The properties sold from May 2018 to June 2019 for prices ranging from \$345,000 to \$777,928 or from \$122.51 to \$186.64 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$187,021 which reflects a market value of \$561,119 or \$167.35 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$213,725. The subject's assessment reflects a market value of \$649,818 or \$193.80 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.86 of a mile from the subject property. Board of review comparables #2 and #3 are the same properties as the appellant's comparables #3 and #5, respectively. The comparables have sites that range in size from 42,890 to 80,760 square feet of land area and are improved with 1.5-story or 2-story dwellings of wood siding or stone and wood siding exterior construction that range in size from 2,754 to 4,168 square feet of living area. The homes were built from 1900 to 2015 with the oldest comparable having an effective year built of 1964. Each comparable has a basement, two with finished area, and one or two fireplaces. Three comparables have central air conditioning and three comparables have a garage ranging in size from 551 to 714 square feet of building area. Comparable #4 has a flat barn. The properties sold from May 2018 to June 2019 for prices ranging from \$600,000 to \$777,928 or from \$173.26 to \$223.31 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration, as two properties were common to both parties. The Board gives less weight to the appellant's comparable #1 which is reported to have been sold "as is" and had a sale price and per square foot sale price substantially below all other comparable sales in the record. The Board gives less weight to the appellant's comparables #4 and #5 along with board of review comparables #3 and #4 which differ from the subject in age and/or feature a flat barn unlike the subject.

The Board finds the best evidence of market value to be the remaining comparables which present varying degrees of similarity to the subject in location, age, dwelling size and other features. These comparables sold from May 2018 to June 2019 for prices ranging from \$600,000 to \$660,000 or from \$164.34 to \$223.31 per square foot of living area, including land. The subject's assessment reflects a market value of \$649,818 or \$193.80 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. On this limited record, and after considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
