

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Brunetti
DOCKET NO.: 19-05124.001-R-2
PARCEL NO.: 12-31-303-007

The parties of record before the Property Tax Appeal Board are John Brunetti, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$120,154
IMPR.: \$453,248
TOTAL: \$573,402

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling with stone exterior construction containing 6,161 square feet of living area. The dwelling was constructed in 2003. Features of the home include a partially finished basement, a fully finished attic, central air conditioning, four fireplaces and an attached 870 square foot garage. The property has a 39,640 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located from .44 of a mile to 2.32 miles from the subject, with comparable #1 located within the same neighborhood code as the subject. The comparables have sites ranging in size from 70,280 to 141,750 square feet of land area that are improved with 1.5-story, 1.75-story or 2-story dwellings containing from 4,981 to 7,009 square feet of living area. The dwellings were built from 1988 to 2002. The

comparables have basements, one of which with finished area, central air conditioning and three or five fireplaces. The comparables have a detached and/or an attached garage ranging in total size from 864 to 1,408 square feet of building area. One comparable has a swimming pool and one comparable has a wood frame greenhouse with glass walls. Three of the comparables sold from December 2016 to June 2019 for prices ranging from \$1,000,000 to \$1,450,000 or from \$151.84 to \$266.59 per square foot of living area, including land. The appellant's submission included a brief noting the differences of the appellant's comparables, when compared to the subject.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$573,402. The subject's assessment reflects a market value of \$1,743,393 or \$282.97 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .55 to .97 of a mile from the subject, with comparables #1, #2 and #3 located within the same neighborhood code as the subject. The comparables have sites ranging in size from 22,780 to 66,210 square feet of land area that are improved with 1.75-story or 2-story dwellings containing from 4,346 to 7,391 square feet of living area. The dwellings were built from 1993 to 2018. The comparables have partially finished basements, central air conditioning, two, three or five fireplaces and an attached garage ranging in size from 673 to 966 square feet of building area. One comparable has a wood deck. The comparables sold from October 2018 to July 2020 for prices ranging from \$1,450,000 to \$2,837,500 or from \$293.60 to \$539.86 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to their sale date occurring greater than 24 months prior to the January 1, 2019 assessment date at issue, their lack of recent sales data, which is required to support an overvaluation argument, or their older age when compared to the subject. The Board also gives less weight to the board of review's comparable #5 due to its sale date occurring greater than 18 months after the January 1, 2019 assessment date at issue and its newer age, when compared to the subject. The Board finds the board of review's remaining comparables have varying degrees of similarity and also sold proximate in time to the

January 1, 2019 assessment date at issue. The best comparables sold for prices ranging from \$1,600,000 to \$2,837,500 or from \$293.60 to \$539.86 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,743,393 or \$282.97 per square foot of living area, including land, which falls between the range established by the best comparable sales in the record on a total market value basis but below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
