

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shane Cobb
DOCKET NO.: 19-05152.001-R-1
PARCEL NO.: 14-23-101-004

The parties of record before the Property Tax Appeal Board are Shane Cobb, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 44,749
IMPR.: \$207,347
TOTAL: \$252,096

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,906 square feet of living area. The dwelling was constructed in 2004. Features of the home include a full lookout-style basement, central air conditioning, a fireplace and a 690 square foot garage. The property has a 46,609 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales where comparable #1 is located in the same assessment neighborhood code as the subject property. Comparables #2, #3 and #4 are each more than a mile distant from the subject property. The parcels range in size from 40,075 to 93,654 square feet of land area which are improved with two-story dwellings of frame, brick or brick and frame exterior construction. The dwellings were built in either 2001 or 2002 and range in size from 3,902 to 4,284 square feet of living area. Like the subject, each comparable

dwelling has a quality grade of Good++. Each dwelling has an unfinished basement, central air conditioning, two or three fireplaces and a garage ranging in size from 900 to 1,575 square feet of building area. The comparables sold from May 2018 to June 2019 for prices ranging from \$540,000 to \$670,000 or from \$133.40 to \$156.40 per square foot of living area, including land. As part of a brief, counsel for the appellant argued that each comparable has the same quality grade as the subject, are relatively similar in age and bracket the subject in dwelling size. The appellant asserted that comparable #1 "is given the most weight" since it is of the same age, quality grade and in the same assessment neighborhood code as the subject.

Based on this evidence and argument, the appellant requested a reduced total assessment of \$206,997 which would reflect a market value of approximately \$621,053 or \$159.00 per square foot of living area, including land, when applying the statutory level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$252,096. The subject's assessment reflects a market value of \$766,482 or \$196.23 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, where board of review comparable #4 is located in the same assessment neighborhood code as the subject property. Comparables #1, #2 and #3 are from .18 to .62 of a mile from the subject. The parcels range in size from 16,031 to 46,896 square feet of land area which are improved with two-story dwellings of frame or brick exterior construction. The dwellings were built from 1988 to 2003 and range in size from 3,250 to 3,899 square feet of living area. Each dwelling has an unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 660 to 936 square feet of building area. The comparables sold from March 2018 to May 2019 for prices ranging from \$585,000 to \$796,000 or from \$180.00 to \$210.70 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #2, #3 and #4 which are each more than one mile distant from the subject and may not be reflective of the subject's market area.

The Board finds the best evidence of market value to be appellant's comparable sale #1 and the board of review comparable sales which are each located most proximate to the subject, bracket

the subject in size and are more similar to the subject in age, although the subject is the newest dwelling having been built in 2004. These most similar comparables sold from March 2018 to May 2019 for prices ranging from \$585,000 to \$796,000 or from \$156.40 to \$210.70 per square foot of living area, including land. The subject's assessment reflects a market value of \$766,482 or \$196.23 per square foot of living area, including land, which is within the range established by the best comparable sales in this record and after considering adjustments to the best comparables for differences when compared to the subject, such as the subject's newer age, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
