

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Albert Carrino
DOCKET NO.: 19-05200.001-R-1
PARCEL NO.: 14-13-301-022

The parties of record before the Property Tax Appeal Board are Albert Carrino, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 95,267
IMPR.: \$169,707
TOTAL: \$264,974

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,486 square feet of living area. The dwelling was constructed in 1991. Features of the home include a full basement, central air conditioning, two fireplaces and a 792 square foot garage. The property has a 69,858 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located in Long Grove and in the same assessment neighborhood code as the subject property. The comparable parcels range in size from 70,047 to 77,000 square feet of land area which are improved with two-story dwellings of brick or brick with frame exterior construction. The homes were built between 1990 and 2001 and range in size from 3,509 to 5,172 square feet of living area. Each comparable has a basement, one of which is a walkout style. Features include central air conditioning, two to four

fireplaces and a garage ranging in size from 704 to 1,023 square feet of building area. Comparable #1 has a 345 square foot inground swimming pool. The comparables sold from May to July 2019 for prices ranging from \$540,000 to \$725,000 or from \$140.18 to \$177.33 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$213,811 which would reflect a market value of \$641,497 or \$143.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$264,974. The subject's assessment reflects a market value of \$805,637 or \$179.59 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located in either Long Grove or Lake Zurich. Board of review comparable #1 is the same property as the appellant's comparable #3 and the only property located in the subject's assessment neighborhood code. The comparable parcels range in size from 27,150 to 69,860 square feet of land area which are improved with two-story dwellings of brick exterior construction. The homes were built between 2001 and 2008 and range in size from 3,750 to 6,617 square feet of living area. Each comparable has a basement, one of which is a walkout style. Features include central air conditioning, one to four fireplaces and a garage ranging in size from 690 to 1,190 square feet of building area. The comparables sold from August 2018 to July 2019 for prices ranging from \$665,000 to \$1,200,000 or from \$177.33 to \$260.48 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales, with one common property, to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #1 and board of review comparables #3 and #4 due an inground swimming pool, newer date of construction, substantially larger dwelling size and/or substantially larger garage when compared to the subject property.

While none of the comparables are particularly similar to the subject in all respects, the Board finds the best evidence of market value in the record to be the common property, appellant's comparable #3/board of review comparable #1 along with appellant's comparable sale #2 and board of review comparable sale #2. These three comparables sold from August 2018 to July

2019 for prices ranging from \$540,000 to \$1,150,000 or from \$153.89 to \$260.48 per square foot of living area, including land. The subject's assessment reflects a market value of \$805,637 or \$179.59 per square foot of living area, including land, which is within the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
