

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pradeep Nair
DOCKET NO.: 19-05319.001-R-1
PARCEL NO.: 15-20-406-018

The parties of record before the Property Tax Appeal Board are Pradeep Nair, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,645
IMPR.: \$126,089
TOTAL: \$162,734

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,558 square feet of living area. The dwelling was constructed in 1990. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 460 square foot garage. The property has a 13,048 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .41 miles from the subject. The comparables have sites that range in size from 8,852 to 10,459 square feet of land area and are improved with two-story dwellings of frame or frame and brick exterior construction that were built in 1989. The dwellings have 2,322 or 2,571 square feet of living area. The comparables have basements with three having finished area. Each comparable has

central air conditioning and a garage with 460 or 462 square feet of building area. Three comparables each have a fireplace. The comparables sold from August 2018 to July 2019 for prices ranging from \$430,000 to \$490,000 or from \$176.97 to \$190.59 per square foot of living area, including land. The appellant also submitted comments noting differences between the subject and the comparables. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,734. The subject's assessment reflects a market value of \$494,783 or \$193.43 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on seven comparable sales located within .89 miles from the subject. Board of review comparables #3 and #5 are duplicates of appellant's comparable #3 and #4, respectively. The comparables have sites ranging in size from 8,750 to 18,250 square feet of land area and are improved with two-story dwellings of frame or frame and brick exterior construction that were built from 1987 to 1991. The dwellings range in size from 2,558 to 2,794 square feet of living area. The comparables have basements with six having finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 420 to 462 square feet of building area. The comparables sold from July 2018 to June 2019 for prices ranging from \$480,000 to \$557,500 from \$185.22 to \$212.30 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains nine suggested comparable sales for the Board's consideration, two of which are common comparables. These comparables are similar to the subject in location, age, dwelling size and most features. These comparables sold from July 2018 to July 2019 for prices ranging from \$430,000 to \$557,500 or from \$176.97 to \$212.30 per square foot of living area, including land. The subject's assessment reflects a market value of \$494,783 or \$193.43 per square foot of living area, including land, which is within the range established by the comparable sales in the record. Based on this evidence and after considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
