

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jane Marcus
DOCKET NO.: 19-05364.001-R-1
PARCEL NO.: 15-15-302-094

The parties of record before the Property Tax Appeal Board are Jane Marcus, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,977
IMPR.: \$117,869
TOTAL: \$155,846

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of brick construction with 2,248 square feet of living area. The dwelling was constructed in 2010. Features of the home include a full partially finished basement, central air conditioning, a fireplace and an attached 441 square foot garage. The property is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales that are located from .03 to .39 of a mile from the subject. The comparables are improved with one-story or two-story townhomes of frame or brick construction containing from 2,062 to 2,481 square feet of living area. The homes were built in 2001 or 2003 and have full or partial basements, one of which has finished area. Each of the comparables has central air conditioning, a fireplace and an attached garage ranging in size from 400 to 546 square feet of building area. The comparables sold from April 2017 to

April 2019 for prices ranging from \$359,000 to \$418,000 or from \$150.95 to \$192.77 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$134,867.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,846. The subject's assessment reflects a market value of \$473,840 or \$210.78 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .02 to .12 of a mile from the subject. The comparables are improved with two-story townhomes of brick or stone and brick construction containing from 2,158 to 2,418 square feet of living area. The homes were built in 2000 or 2015 and have full or partial basements with finished area. Each of the comparables has central air conditioning, a fireplace and an attached garage containing 441 or 546 square feet of building area. The comparables sold from March 2018 to December 2019 for prices ranging from \$455,000 to \$530,000 or from \$210.84 to \$219.19 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3, due to their dissimilar one-story style or their sale date occurring greater than 16 months prior to the January 1, 2019 assessment date at issue. The Board finds the parties' remaining comparables are similar to the subject in location, style, size and features. These comparables also sold proximate in time to the assessment date at issue. The parties' best comparables sold from March 2018 to December 2019 for prices ranging from \$359,000 to \$530,000 or from \$174.10 to \$219.19 per square foot of living area, including land. The subject's assessment reflects a market value of \$473,840 or \$210.78 per square foot of living area, including land, which is within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
