

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bruce Goldberg
DOCKET NO.: 19-05366.001-R-1
PARCEL NO.: 15-14-406-005

The parties of record before the Property Tax Appeal Board are Bruce Goldberg, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,538
IMPR.: \$118,838
TOTAL: \$188,376

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame construction with 2,757 square feet of living area. The dwelling was constructed in 1984. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 462 square foot garage. The property has a 23,430 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located from .19 to .66 of a mile from the subject. The comparables have sites ranging in size from 20,088 to 20,599 square feet of land area that are improved with two-story dwellings of brick or brick and frame construction containing from 2,956 to 3,279 square feet of living area. The homes were built in 1979 or 1980 and have basements, two of which have finished area. Each of the comparables

has central air conditioning, a fireplace and an attached garage ranging in size from 504 to 660 square feet of building area. The comparables sold in July and November 2018 for prices ranging from \$525,500 to \$680,000 or from \$164.94 to \$207.38 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$169,998.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,376. The subject's assessment reflects a market value of \$572,746 or \$207.74 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .21 to .71 of a mile from the subject. The comparables have sites ranging in size from 20,090 to 25,630 square feet of land area that are improved with two-story dwellings with brick or wood siding and brick exterior construction containing from 2,757 to 3,138 square feet of living area. The homes were built from 1979 to 1987 and have basements, each of which has finished area. Each of the comparables has central air conditioning, one or two fireplaces and an attached garage ranging in size from 420 to 506 square feet of building area. The comparables sold from May to September 2019 for prices ranging from \$690,000 to \$790,000 or from \$245.30 to \$251.75 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales for the Board's consideration. The Board finds all of the comparables are relatively similar to the subject in location, style, age and features. However, only the appellant's comparable #1 has an unfinished basement like the subject. Nevertheless, the parties' comparables sold from July 2018 to September 2019 for prices ranging from \$525,500 to \$790,000 or from \$164.94 to \$251.75 per square foot of living area, including land. The subject's assessment reflects a market value of \$572,746 or \$207.74 per square foot of living area, including land, which is within the range established by the comparable sales in the record. After considering adjustments to the parties' comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
