

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joel Resnick  
DOCKET NO.: 19-05375.001-R-1  
PARCEL NO.: 15-14-202-011

The parties of record before the Property Tax Appeal Board are Joel Resnick, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,764  
**IMPR.:** \$213,968  
**TOTAL:** \$279,732

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame exterior construction with 4,304 square feet of living area. The dwelling was constructed in 1986 with an effective age of 1991. Features of the home include a partially finished walkout basement, central air conditioning, a fireplace and an attached 713 square foot garage. The property has a 20,060 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located from .17 to .33 of a mile from the subject. The comparables have sites ranging in size from 21,812 to 27,504 square feet of land area that are improved with two-story dwellings of frame, brick or brick and frame construction containing from 3,459 to 4,132 square feet of living area. The homes were built from 1984 to 1988, with one comparable having an effective age of 1997. The comparables have

full or partial basements, three of which have finished area. Each of the comparables has central air conditioning, one or two fireplaces and an attached garage ranging in size from 660 to 825 square feet of building area. The comparables sold from May 2018 to August 2019 for prices ranging from \$595,000 to \$743,000 or from \$172.02 to \$202.23 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$263,952.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$279,732. The subject's assessment reflects a market value of \$850,508 or \$197.61 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .18 to .41 of a mile from the subject. The board of review's comparables #4 and #5 are the same properties as the appellant's comparables #4 and #3, respectively. The comparables have sites ranging in size from 20,020 to 31,250 square feet of land area that are improved with two-story dwellings with brick, wood siding, wood siding and brick or brick and wood siding exterior construction containing from 3,461 to 3,723 square feet of living area. The homes were built from 1979 to 1988 with the comparable built in 1983 having an effective age of 1988. Each of the comparables has a basement, two of which have finished area. Each comparables has central air conditioning, one or two fireplaces and an attached garage ranging in size from 441 to 825 square feet of building area. The comparables sold from April 2018 to July 2019 for prices ranging from \$684,000 to \$791,000 or from \$197.63 to \$224.72 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales for the Board's consideration, two of which were submitted by both parties. The Board finds all of the parties' comparables are similar to the subject in location, style, age and some features. However, each of the comparables is smaller in size than the subject and each lacks a basement walkout, unlike the subject. In addition, three of the parties' comparables lack finished basement area and the remaining four have less finished basement area than the subject. Nevertheless, the parties' comparables sold from April 2018 to July 2019 for prices ranging from \$595,000 to \$791,000 or from \$172.02 to \$224.72 per square foot of living area, including land. The subject's assessment

reflects a market value of \$850,508 or \$197.61 per square foot of living area, including land, which is above the range established by the comparable sales in the record on a total market value basis but within the range on a per square foot basis. After considering adjustments to the parties' comparables for differences when compared to the subject, the Board finds the subject's higher total estimated market value as reflected by its assessment is supported given its superior size, effective age and features. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
