

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diane Johnson
DOCKET NO.: 19-05378.001-R-1
PARCEL NO.: 15-23-402-019

The parties of record before the Property Tax Appeal Board are Diane Johnson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,753
IMPR.: \$121,041
TOTAL: \$186,794

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,997 square feet of living area. The dwelling was constructed in 1969. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 575 square foot garage. The property has a 20,040 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable sales that are located from .21 of a mile to 1.04 miles from the subject. The comparables have sites ranging in size from 15,682 to 33,977 square feet of land area that are improved with two-story dwellings of frame or brick and frame exterior construction containing from 2,729 to 3,268 square feet of living area. The homes were built from 1966 to 1978 and have basements, seven of which have finished area. Each of the

comparables has central air conditioning, one or two fireplaces and an attached garage ranging in size from 456 to 713 square feet of building area. The comparables sold from February 2018 to March 2019 for prices ranging from \$413,000 to \$582,000 or from \$143.25 to \$190.57 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$169,813.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,794. The subject's assessment reflects a market value of \$567,936 or \$189.50 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that are located from .56 of a mile to 1.03 miles from the subject. The comparables have sites ranging in size from 15,250 to 22,650 square feet of land area that are improved with two-story dwellings with brick or brick and wood siding exterior construction containing from 2,719 to 2,844 square feet of living area. The homes were built from 1969 to 1977 and have basements, three of which have finished area. Each of the comparables has central air conditioning, a fireplace and an attached garage ranging in size from 506 to 552 square feet of building area. The comparables sold from March 2018 to February 2019 for prices ranging from \$550,000 to \$612,000 or from \$202.28 to \$221.58 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of twelve comparable sales for the Board's consideration. The Board finds all of the parties' comparables are similar to the subject in location, style, age, size and most features. However, only two of the comparables submitted by the parties have unfinished basements, like the subject. Nevertheless, the parties' comparables sold from February 2018 to March 2019 for prices ranging from \$413,000 to \$612,000 or from \$143.25 to \$221.58 per square foot of living area, including land. This value range also reflects the same range in values established by the parties' comparables with unfinished basements, like the subject. The subject's assessment reflects a market value of \$567,936 or \$189.50 per square foot of living area, including land, which is within the range established by all the comparable sales in the record and the two most similar comparables in the record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
