

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Han Shin  
DOCKET NO.: 19-05479.001-R-1  
PARCEL NO.: 15-06-420-002

The parties of record before the Property Tax Appeal Board are Han Shin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$20,587  
**IMPR.:** \$80,043  
**TOTAL:** \$100,630

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of brick construction with 1,776 square feet of living area. The dwelling was constructed in 2004. Features of the home include an unfinished basement, central air conditioning and an attached 460 square foot garage. The property has a 1,310 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales that are located from .03 to .10 of a mile from the subject. Three of the comparables are located in a different neighborhood code than the subject. The comparables have sites ranging in size from 1,307 to 7,561 square feet of land area that are improved with two-story townhomes of frame or brick and frame construction containing from 1,471 to 1,814 square feet of living area. The homes were built in 1996 or 2004

and have basements, three of which have finished area. The comparables have central air conditioning and an attached garage ranging in size from 400 to 462 square feet of building area. One comparable has a fireplace. The comparables sold from March 2017 to August 2019 for prices ranging from \$222,500 to \$310,000 or from \$151.26 to \$178.35 per square foot of living area, including land. Based on this evidence the appellant requested that the subject's assessment be reduced to \$89,975.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$100,630. The subject's assessment reflects a market value of \$305,959 or \$172.27 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that are located from .94 to .97 of a mile from the subject. The comparables are located in a different neighborhood code than the subject. The comparables are improved with two-story townhomes of wood siding exterior construction containing 1,682 square feet of living area. The homes were built in 1995 and have basements, all of which have finished area. The comparables have central air conditioning, one or two fireplaces and an attached 400 square foot garage. The comparables sold from March 2018 to May 2019 for prices ranging from \$330,000 to \$359,900 or from \$196.20 to \$213.97 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3 and #4, due to their sale dates occurring greater than 16 months prior to the January 1, 2019 assessment date at issue. The Board finds the parties' remaining comparables are similar to the subject in style, age, size and features. However, all of the parties' best sales are located in a different neighborhood code than the subject. Nevertheless, the best sales occurred from March 2018 to August 2019 for prices ranging from \$285,000 to \$359,900 or from \$170.89 to \$213.97 per square foot of living area, including land. The subject's assessment reflects a market value of \$305,959 or \$172.27 per square foot of living area, including land, which falls within the range established by the best comparable sales. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is justified. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
