

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Haresh Patel
DOCKET NO.: 19-05482.001-R-1
PARCEL NO.: 15-06-413-023

The parties of record before the Property Tax Appeal Board are Haresh Patel, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,760
IMPR.: \$98,822
TOTAL: \$122,582

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,280 square feet of living area. The dwelling was constructed in 1991. Features of the home include a partially finished basement, central air conditioning, a fireplace and an attached 420 square foot garage. The property has a 7,520 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales that are located from .19 to .54 of a mile from the subject and within the same neighborhood code as the subject. The comparables have sites ranging in size from 7,524 to 20,503 square feet of land area that are improved with two-story dwellings of frame construction containing from 2,167 to 2,280 square feet of living area. The homes were built in 1989 or 1991. The comparables have basements, three of which

have finished area, central air conditioning and an attached 420 square foot garage. Three comparables each have a fireplace. The comparables sold from May 2018 to July 2019 for prices ranging from \$324,500 to \$377,000 or from \$146.93 to \$167.28 per square foot of living area, including land. Based on this evidence the appellant requested that the subject's assessment be reduced to \$113,989.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,582. The subject's assessment reflects a market value of \$372,703 or \$163.47 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales that are located .54 or .32 of a mile from the subject and within the same neighborhood code as the subject.¹ The board of review's comparable #1 is the same property as the appellant's comparable #4. The comparables have sites with 12,160 or 7,520 square feet of land area that are improved with two-story dwellings with wood siding exterior construction containing 2,280 square feet of living area. The homes were built in 1989 or 1990. The comparables have basements with finished area, central air conditioning, a fireplace and an attached 420 square foot garage. The comparables sold in May and February 2018 for prices of \$377,000 and \$390,000 or \$165.35 and \$171.05 per square foot of living area, including land, respectively. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales for the Board's consideration, one of which was submitted by both parties. The Board finds all of the parties' comparables are similar to the subject in location, style, age, size and most features. However, four of the parties' comparables have finished basement area, unlike the subject. Nevertheless, the parties' comparables sold from February 2018 to July 2019 for prices ranging from \$324,500 to \$390,000 or from \$146.93 to \$171.05 per square foot of living area, including land. The subject's assessment reflects a market value of \$372,703 or \$163.47 per square foot of living area, including land, which falls within the range established by the comparable sales in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

¹ The board of review's sales grid listed three comparables, however, the same property was listed as both comparables #2 and #3.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
