

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Wayne
DOCKET NO.: 19-05579.001-R-1
PARCEL NO.: 01-01-305-036

The parties of record before the Property Tax Appeal Board are Michael Wayne, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,317
IMPR.: \$47,208
TOTAL: \$102,525

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling with wood siding exterior construction containing 1,384 square feet of living area. The dwelling was constructed in 1959. Features of the home include a crawl-space foundation, a fireplace and a detached 600 square foot garage. The property has a 25,260 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located within .48 of a mile from the subject. The comparables have sites ranging in size from 23,958 to 47,120 square feet of land area that are improved with 1-story and 1.5-story dwellings with brick or wood siding exterior construction containing from 1,876 to 3,344 square feet of living area. The dwellings were built from 1945 to 1977, with the home built in 1945 having a 1970 effective age. Each

comparable has a basement, two of which with finished area, and central air conditioning. Two comparables each have a fireplace and each comparable has a garage ranging in size from 600 to 832 square feet of building area. One comparable has a metal utility shed. The comparables sold from October 2017 to January 2019 for prices ranging from \$280,000 to \$555,000 or from \$134.10 to \$165.97 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,525. The subject's assessment reflects a market value of \$311,721 or \$225.23 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .27 of a mile to 5.58 miles from the subject. The comparables have sites ranging in size from 7,720 to 16,990 square feet of land area that are improved with 1-story and 1.5-story dwellings with brick or wood siding exterior construction containing from 1,051 to 2,238 square feet of living area. The dwellings were built from 1960 to 1998. Four comparables have a basement, one of which with finished area, and one comparable has a slab foundation. Four comparables have central air conditioning, three comparables each have a fireplace and three comparables have a garage ranging in size from 484 to 756 square feet of building area. One comparable has an attached 565 square foot garage and a detached 744 square foot garage. The comparables sold from March to October 2019 for prices ranging from \$219,021 to \$475,000 or from \$195.31 to \$235.64 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration, none of which are particularly similar to the subject. The Board finds the appellant's comparables are significantly larger than the subject and have dissimilar basement foundations. In addition, one is a dissimilar 1.5-story dwelling that sold 14 months prior to the January 1, 2019 assessment date at issue. Three of the board of review's comparables, although two have basements, are very similar to the subject in age, size and many features. However, these comparables are located from 3.58 to 5.58 miles from the subject. The board of review's remaining two comparables are dissimilar 1.5-story dwellings and have dissimilar basement foundations. In addition, these two comparables are significantly larger than the subject and one is significantly newer than the subject. Nevertheless, the parties' comparables sold for prices ranging from \$280,000 to

\$555,000 or from \$134.10 to \$235.64 per square foot of living area, including land. The subject's assessment reflects a market value of \$311,721 or \$225.23 per square foot of living area, including land, which falls within the range established by the parties' comparable sales. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
