

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karl Zimmermann
DOCKET NO.: 19-05602.001-R-1
PARCEL NO.: 02-18-203-021

The parties of record before the Property Tax Appeal Board are Karl Zimmermann, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,964
IMPR.: \$109,100
TOTAL: \$127,064

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with wood siding exterior construction containing 3,550 square feet of living area. The dwelling was constructed in 2008. Features of the home include a full unfinished basement, central air conditioning, a fireplace and an attached 649 square foot garage. The property has a 12,580 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties that are located from .06 of a mile to 3.00 miles from the subject. The comparables have sites ranging in size from 8,160 to 33,540 square feet of land area that are improved with two-story dwellings with wood siding exterior construction containing from 2,861 to 3,162 square feet of living area. The dwellings were built in 2006 or 2009. The comparables have full basements, two of which have finished

area and one with a walkout. The comparables have central air conditioning, a fireplace and an attached garage ranging in size from 460 to 1,320 square feet of building area. The comparables sold from March 2017 to May 2019 for prices ranging from \$275,000 to \$417,500 or from \$96.12 to \$132.04 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,064. The subject's assessment reflects a market value of \$386,330 or \$108.83 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a sales grid listing information on two properties, however, the grid listed the same two properties twice. The board of review's two comparables are the same properties as the appellant's comparables #2 and #3.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of three comparable sales for the Board's consideration, two of which were submitted by both parties. The Board gives less weight to the appellant's comparable #1 due to its sale occurring greater than 21 months prior to the January 1, 2019 assessment date at issue. The Board finds the remaining two common comparables have varying degrees of similarity to the subject. The best comparables sold in October 2018 and May 2019 for prices of \$403,000 and \$417,500 or \$128.02 and \$132.04 per square foot of living area, including land. The subject's assessment reflects a market value of \$386,330 or \$108.83 per square foot of living area, including land, which falls below the market values of the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's market value as reflected by its assessment is well supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
