

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Tomasello
DOCKET NO.: 19-05638.001-R-1
PARCEL NO.: 02-21-203-002

The parties of record before the Property Tax Appeal Board are Thomas Tomasello, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,380
IMPR.: \$57,791
TOTAL: \$61,171

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling with brick exterior construction containing 1,566 square feet of living area. The dwelling was constructed in 1972. Features of the home include an 870 square foot unfinished basement, central air conditioning and two fireplaces. The property has a 6,530 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located from 2.12 to 3.88 miles from the subject. The comparables have sites ranging in size from 11,330 to 40,330 square feet of land area that are improved with split-level dwellings with wood siding exterior construction containing from 1,612 to 1,841 square feet of living area. The dwellings were built from 1970 to 1987, with the home built in 1970 having a 1980 effective age. The comparables have finished lower levels. One comparable has central air conditioning, two comparables each

have a fireplace and one comparable has an attached 624 square foot garage. The comparables sold from May 2018 to July 2019 for prices ranging from \$155,000 to \$282,000 or from \$91.88 to \$153.18 per square foot of living area, including land. The appellant's submission included a brief referencing an attached garage for the subject but there is no evidence the subject has an attached garage. The brief also notes superior features of the appellant's comparables #2 and #3, when compared to the subject, and Multiple Listing Service (MLS) data for the appellant's comparable #1.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,171. The subject's assessment reflects a market value of \$185,987 or \$118.77 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .23 of a mile to 2.24 miles from the subject. The board of review's comparable #2 is the same property as the appellant's comparable #3. The comparables have sites ranging in size from 8,100 to 40,330 square feet of land area that are improved with 1-story, split-level or 1.5-story dwellings with wood siding exterior construction containing from 1,313 to 1,841 square feet of living area. The dwellings were built in 1965 or 1987. One of the comparables has a partial basement with finished area, one comparable has finished lower level and one comparable has a crawl-space foundation. Each comparable has central air conditioning, two comparables each have a fireplace and two comparables have either a 396 or a 624 square foot attached garage. The comparables sold from April to October 2018 for prices ranging from \$180,000 to \$282,000 or from \$129.18 to \$153.18 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparable sales for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the board of review's comparables #1 and #3, due to their difference in style when compared to the subject. The Board finds the appellant's comparables, which includes the parties' common comparable, have varying degrees of similarity to the subject. However, two of the appellant's comparables lack central air conditioning, unlike the subject, and the parties' common comparable has a garage, unlike the subject. Nevertheless, the best comparables sold from May 2018 to July 2019 for

prices ranging from \$155,000 to \$282,000 or from \$91.88 to \$153.18 per square foot of living area, including land. The subject's assessment reflects a market value of \$185,987 or \$118.77 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
