

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laszlo Kulcsar
DOCKET NO.: 19-05664.001-R-1
PARCEL NO.: 02-35-213-028

The parties of record before the Property Tax Appeal Board are Laszlo Kulcsar, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,185
IMPR.: \$103,870
TOTAL: \$146,055

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling with wood siding exterior construction containing 2,693 square feet of living area. The dwelling was constructed in 1988. Features of the home include a full unfinished walkout basement, central air conditioning, two fireplaces and an attached 627 square foot garage. The property has a 41,970 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located from 2.63 to 5.75 miles from the subject and not within the same neighborhood code as the subject. The comparables have sites ranging in size from 18,500 to 210,550 square feet of land area that are improved with one-story dwellings with wood siding or brick exterior construction containing from 2,457 to 2,537 square feet of living area. The dwellings were built from 1956 to 1987. The

comparables have unfinished full or partial basements, central air conditioning and an attached garage ranging in size from 500 to 648 square feet of building area. Two comparables each have a fireplace. The comparables sold from May 2018 to February 2019 for prices ranging from \$295,000 to \$415,000 or from \$116.28 to \$168.91 per square foot of living area, including land. The appellant's submission included a brief noting the differences in features of the appellant's comparables, when compared to the subject.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$146,055. The subject's assessment reflects a market value of \$444,071 or \$164.90 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .19 to .46 of a mile from the subject. Two of the comparables are located within the same neighborhood code as the subject. The comparables have sites ranging in size from 9,810 to 13,630 square feet of land area that are improved with one-story dwellings with wood siding exterior construction containing from 1,248 to 1,658 square feet of living area. The dwellings were built from 1968 to 1987. The comparables have full basements, three of which have finished area, and four with a walkout. The comparables have central air conditioning and an attached garage ranging in size from 400 to 528 square feet of building area. Four comparables each have a fireplace. The comparables sold from May 2018 to March 2019 for prices ranging from \$220,000 to \$315,000 or from \$172.41 to \$246.48 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparables due to their significantly smaller size, when compared to the subject. The Board finds the appellant's comparables are similar to the subject in style, size and some features. However, each of the appellant's comparables are located over 2.5-miles from the subject, are considerably older than the subject and lack a walkout basement, unlike the subject. Nevertheless, the appellant's comparables sold from May 2018 to February 2019 for prices ranging from \$295,000 to \$415,000 or from \$116.28 to \$168.91 per square foot of living area, including land. The subject's assessment reflects a market value of \$444,071 or \$164.90 per square foot of living area, including land, which falls above the

range established by the appellant's comparable sales on a total market value basis but within the range on a per square foot basis. However, after considering adjustments to the appellant's comparables for differences when compared to the subject, such as their older age and lack of a walkout basement, the Board finds the subject's higher total estimated market value as reflected by its assessment is supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
