

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Juergensen
DOCKET NO.: 19-05668.001-R-1
PARCEL NO.: 03-21-402-002

The parties of record before the Property Tax Appeal Board are David Juergensen, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,304
IMPR.: \$128,261
TOTAL: \$152,565

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with brick exterior construction containing 3,517 square feet of living area. The dwelling was constructed in 2003. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and an attached 853 square foot garage. The property has a 40,510 square foot site and is located in Wadsworth, Newport Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales that are located from .04 to .34 of a mile from the subject and within the same neighborhood code as the subject. The comparables have sites ranging in size from 39,200 to 71,440 square feet of land area that are improved with two-story dwellings with brick or wood siding exterior construction containing from 2,830 to 4,238 square feet of living area. The dwellings were built from 1993 to 1995 and have full

basements, two of which have finished area.¹ The comparables have central air conditioning, from one to three fireplaces and an attached garage ranging in size from 685 to 912 square feet of building area. One comparable also has a detached 300 square foot garage and a swimming pool. The comparables sold from December 2017 to May 2019 for prices ranging from \$375,000 to \$565,000 or from \$121.06 to \$149.63 per square foot of living area, including land. The appellant's submission included a brief noting the differences in features of the appellant's comparables, when compared to the subject. The appellant's submission included Multiple Listing Service (MLS) data for the appellant's comparables #1 and #3.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$152,565. The subject's assessment reflects a market value of \$463,864 or \$131.89 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .16 of a mile to 2.23 miles from the subject. Two of the comparables are located within the same neighborhood code as the subject. The board of review's comparable #1 is the same property as the appellant's comparable #6. The comparables have sites ranging in size from 44,430 to 141,550 square feet of land area that are improved with two-story dwellings with wood siding or brick exterior construction containing from 3,224 to 3,745 square feet of living area. The dwellings were built from 1993 to 2003. The comparables have full unfinished basements, central air conditioning, one or two fireplaces and an attached garage ranging in size from 725 to 1,101 square feet of building area. One comparable has a swimming pool. The comparables sold from August 2018 to November 2019 for prices ranging from \$455,000 to \$550,000 or from \$124.05 to \$170.60 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eleven comparable properties for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the appellant's comparables #3, #4, #5 and #7, due to their differences in size when compared to the subject

¹ Multiple Listing Service (MLS) data submitted by the appellant reveals the appellant's comparables #1 and #3 have finished basement area.

and/or their sale date occurring greater than 12 months prior to the January 1, 2019 assessment date at issue. The Board also gives less weight to the board of review's comparables #2, #3 and #4, due to their locations outside of the subject's neighborhood code. The Board finds the parties' remaining comparables, which includes the parties' common comparable, are similar to the subject in location, style, age, size and most features. The best comparables sold from June 2018 to November 2019 for prices ranging from \$396,000 to \$550,000 or from \$121.06 to \$170.60 per square foot of living area, including land. The subject's assessment reflects a market value of \$463,864 or \$131.89 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
