

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Drabek
DOCKET NO.: 19-05704.001-R-1
PARCEL NO.: 05-04-401-010

The parties of record before the Property Tax Appeal Board are Nancy Drabek, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,835
IMPR.: \$84,701
TOTAL: \$100,536

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with wood siding exterior construction containing 1,952 square feet of living area. The dwelling was constructed in 1920 but has a 1956 effective age. Features of the home include an unfinished walkout basement, central air conditioning, a fireplace, a detached 720 square foot garage, a wood deck and a gazebo. The property has an 8,910 square foot site and is located in Fox Lake, Grant Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located from .58 of a mile to 1.71 miles from the subject and not within the same neighborhood code as the subject. The comparables have sites ranging in size from 7,022 to 14,414 square feet of land area that are improved with two-story dwellings of frame construction containing from 1,848 to 3,306 square feet of living area. The dwellings were built from 1938 to 2009, with homes built in 1938 and

1945 having 1975 and 1971 effective ages, respectively. Each of the comparables has a basement, two of which have finished area and three of which have a walkout. The comparables have central air conditioning, an attached garage ranging in size from 460 to 816 square feet of building area and a deck. Three comparables each have one or three fireplaces. The comparables sold from January 2018 to June 2019 for prices ranging from \$250,000 to \$456,000 or from \$102.80 to \$151.24 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$100,536. The subject's assessment reflects a market value of \$305,673 or \$156.59 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that are located from .05 of a mile to 1.71 miles from the subject. The board of review's comparable #1 is located within the same neighborhood code as the subject and the board of review's comparable #4 is the same property as the appellant's comparable #2. The comparables have sites ranging in size from 8,490 to 13,400 square feet of land area that are improved with one-story or two-story dwellings with wood siding or wood siding and brick exterior construction containing from 1,978 to 2,484 square feet of living area. The dwellings were built from 1946 to 2009, with the home built in 1946 having a 1991 effective age. Two of the comparables have unfinished basements, one of which has a walkout, and two comparables have a crawl-space foundation. Each comparable has central air conditioning, an attached or detached garage ranging in size from 528 to 980 square feet of building area and a wood deck. Two comparables each have a fireplace and one comparable has an open frame porch. The comparables sold from June 2018 to June 2019 for prices ranging from \$305,000 to \$355,000 or from \$122.79 to \$179.47 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the appellant's comparable #3 due to its significantly larger dwelling size, when compared to the subject. The Board also gives less weight to the board of review's comparables #1 and #3, due to their dissimilar crawl-space foundations, when compared to the subject. The Board finds the parties' remaining comparables, which includes the parties' common comparable, have varying degrees of

similarity to the subject. However, none of the parties' best comparables, including the parties' common comparable, are located within the same neighborhood code as the subject. Nevertheless, the best comparables sold from June 2018 to June 2019 for prices ranging from \$250,000 to \$355,000 or from \$102.80 to \$179.47 per square foot of living area, including land. The subject's assessment reflects a market value of \$305,673 or \$156.59 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
