

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Schneiderman
DOCKET NO.: 19-05730.001-R-1
PARCEL NO.: 16-31-113-004

The parties of record before the Property Tax Appeal Board are Michael Schneiderman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,319
IMPR.: \$130,033
TOTAL: \$208,352

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling with wood siding exterior construction containing 2,819 square feet of living area. The dwelling was constructed in 1995. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 500 square foot garage. The property is located in Riverwoods, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located from .06 to .23 of a mile from the subject and within the same neighborhood code as the subject. The comparables are improved with two-story dwellings containing from 2,654 to 3,245 square feet of living area. The dwellings were built in 1995 or 1996. The comparables have basements, two of which have finished area, central air conditioning and an attached garage ranging in size from 589 to 660

square feet of building area. Two comparables each have a fireplace. Three of the comparables sold from April 2018 to July 2019 for prices ranging from \$565,000 to \$600,000 or from \$181.82 to \$212.89 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,352. The subject's assessment reflects a market value of \$633,481 or \$224.72 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties, however, the board of review's sales grid did not list the correct property as the subject and the board of review's comparable #3 is the same property as the appellant's comparable #2. The comparables are located within the same neighborhood code as the subject. The comparables are improved with one-story or two-story dwellings containing from 2,721 to 3,245 square feet of living area. The dwellings were built in 1995 or 1996. The comparables have basements, two of which have finished area, central air conditioning and an attached garage ranging in size from 500 to 600 square feet of building area. Three comparables each have a fireplace. Three of the comparables sold from October 2018 to August 2019 for prices ranging from \$638,000 to \$662,500 or from \$196.61 to \$235.21 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable properties for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the board of review's comparable listed as the subject, due to the lack of recent sales data which is required to support an overvaluation argument. The Board finds the parties' remaining comparables, which includes the parties' common comparable, have varying degrees of similarity to the subject and sold for prices ranging from \$565,000 to \$662,500 or from \$181.82 to \$235.21 per square foot of living area, including land. The subject's assessment reflects a market value of \$633,481 or \$224.72 per square foot of living area, including land, which falls within the range established by the parties' comparable sales. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
