

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Renee Edwards
DOCKET NO.: 19-05949.001-R-1
PARCEL NO.: 16-05-202-098

The parties of record before the Property Tax Appeal Board are Renee Edwards, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$100,982
IMPR.: \$252,494
TOTAL: \$353,476

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling with a wood siding exterior containing 3,743 square feet of living area. The dwelling was built in 1985 and is approximately 34 years old. Features of the home include a full basement that is partially finished with a recreation room, central air conditioning, one fireplace, five full bathrooms, and an attached garage with 1,092 square feet of building area. The property has a 19,850 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with 1.75-story or 2-story dwellings of wood siding or brick exteriors ranging in size from 3,708 to 4,246 square feet of living area. The dwellings are either 33 or 35 years old. Each comparable has a full or partial basement with two having finished area, central

air conditioning, one or two fireplaces, 2½ or 3½ bathrooms, and an attached garage ranging in size from 720 to 986 square feet of building area. These comparables have improvement assessments ranging from \$223,331 to \$252,193 or from \$57.54 to \$61.08 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$222,053.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$353,476. The subject property has an improvement assessment of \$252,494 or \$67.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with 1.75-story or 2-story dwellings of brick or brick and wood siding exteriors ranging in size from 3,453 to 3,816 square feet of living area. The dwellings were built from 1985 to 1994. Each comparable has a full or partial basement with two having finished areas, central air conditioning, one or two fireplaces, 3 or 3½ bathrooms, and an attached garage ranging in size from 504 to 792 square feet of building area. Comparable #1 also has an inground swimming pool. These comparables have improvement assessments ranging from \$220,812 to \$263,763 or from \$63.95 to \$69.12 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables submitted by the parties to support their respective positions. The Board gives less weight to appellant's comparable #3 as this property is improved with a dwelling that is approximately 500 square feet or 13% larger than the subject dwelling. The remaining comparables are relatively similar to the subject in dwelling size, age and features with the exception that each comparable has fewer bathrooms than the subject dwelling, each has a smaller garage than the subject property, and three have unfinished basements whereas the subject has a basement partially finished with a recreation room. These comparables have improvement assessments that range from \$220,812 to \$263,763 or from \$58.52 to \$69.12 per square foot of living area. The subject's improvement assessment of \$252,494 or \$67.46 per square foot of living area falls within the range established by the best comparables in this record and well supported after considering the differences in features. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
