

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Francisca Remot
DOCKET NO.: 19-05950.001-R-1
PARCEL NO.: 16-10-417-001

The parties of record before the Property Tax Appeal Board are Francisca Remot, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,718
IMPR.: \$130,635
TOTAL: \$164,353

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 2,862 square feet of living area. The dwelling was built in 2000 and is approximately 19 years old. Features of the property include a basement that is partially finished with a recreation room, central air conditioning, a fireplace, a carport with 224 square feet, and a detached one-car garage with 252 square feet of building area. The property has a site with approximately 5,190 square feet of land area and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding or brick exteriors ranging in size from 2,822 to 3,710 square feet of living area. The dwellings are 20 years old. Two

comparables are described as having basements and two comparables having at least partial slab foundations. Each comparable has central air conditioning, one fireplace and an attached or detached garage ranging in size from 420 to 797 square feet of building area. These comparables have improvement assessments ranging from \$122,720 to \$148,870 or from \$39.93 to \$43.49 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$118,558.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$164,353. The subject property has an improvement assessment of \$130,635 or \$45.64 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with 2-story dwellings of brick, brick and wood siding, or brick and stucco exteriors ranging in size from 2,680 to 2,914 square feet of living area. The dwellings were built from 1999 to 2003. Each comparable has a full basement with two having finished areas, central air conditioning, one fireplace, and an attached or detached garage ranging in size from 420 to 741 square feet of building area. These comparables have improvement assessments ranging from \$133,122 to \$158,568 or from \$48.36 to \$55.19 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to appellant's comparable #1 and #2 as these properties are improved with dwellings that are approximately 30% and 28% larger than the subject dwelling, respectively. The remaining comparables are relatively similar to the subject in dwelling size and features with the exception that appellant's comparables #3 and #4 have at least partial slab foundations, which differ from the subject's foundation, and each comparable has larger garage than the subject property. These comparables have improvement assessments that range from \$122,720 to \$158,568 or from \$41.69 to \$55.19 per square foot of living area. The subject's improvement assessment of \$130,635 or \$45.64 per square foot of living area falls within the range established by the best comparables in this record but is below each comparable provided by the board of review. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
