

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Brenner
DOCKET NO.: 19-05953.001-R-1
PARCEL NO.: 16-34-201-028

The parties of record before the Property Tax Appeal Board are Michael Brenner, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,325
IMPR.: \$106,392
TOTAL: \$152,717

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling with a brick exterior containing 2,728 square feet of living area. The dwelling was built in 1975 and is approximately 44 years old. Features of the home include a basement partially finished with a recreation room, central air conditioning, one fireplace and an attached garage with 440 square feet of building area. The property also has an inground swimming pool. The property has a 9,430 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved two-story dwellings of wood siding or brick exteriors ranging in size from 2,632 to 3,786 square feet of living area. The dwellings range in age from 41 to 67 years old. Each comparable has a full basement with one having finished area, central air

conditioning, one or two fireplaces, and an attached garage ranging in size from 368 to 744 square feet of building area. These comparables have improvement assessments ranging from \$87,418 to \$110,224 or from \$23.82 to \$34.15 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$83,340.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$152,717. The subject property has an improvement assessment of \$106,392 or \$39.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with 2-story dwellings of wood, brick or brick and wood siding exteriors ranging in size from 2,644 to 3,097 square feet of living area. The dwellings were built from 1966 to 1981. Each comparable has a basement partially finished with a recreation room, central air conditioning, and an attached garage ranging in size from 440 to 796 square feet of building area. Four comparables have one or two fireplaces and one comparable has an inground swimming pool. These comparables have improvement assessments ranging from \$114,483 to \$138,027 or from \$39.83 to \$46.55 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables #1, #2 and #4 as these properties are improved with dwellings that are approximately 16% to 39% larger than the subject dwelling and are 19 or 23 years older than the subject dwelling, detracting from their similarity to the subject property. The Board gives most weight to appellant's comparable #3 and the comparables provided by the board of review as the properties are improved with dwellings more similar to the subject in dwelling size, age and most features with the exception that only board of review comparable #2 has an inground swimming pool like the subject property. These six comparables have improvement assessments that range from \$87,418 to \$138,027 or from \$33.21 to \$46.55 per square foot of living area. The subject's improvement assessment of \$106,392 or \$39.00 per square foot of living area falls within the range established by the best comparables in this record and is below each comparable provided by the board of review. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
