

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Luca Poeta  
DOCKET NO.: 19-05961.001-R-1  
PARCEL NO.: 16-15-117-004

The parties of record before the Property Tax Appeal Board are Luca Poeta, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$36,412  
**IMPR.:** \$134,958  
**TOTAL:** \$171,370

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,298 square feet of living area. The dwelling was built in 1985 and is 34 years old. Features of the home include a partial basement with a recreation room, central air conditioning, a fireplace and a 506 square foot attached garage. The property has a 7,885 square foot site and is located in Highland Park, Moraine Township, Lake County

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two, one-story and two, two-story dwellings of brick or wood siding exterior construction that range in size from 2,882 to 4,148 square feet of living area and are from 56 to 58 years old. Each comparable has a crawl space or a concrete slab foundation, central air conditioning, and an attached garage ranging in size from 324 to 609 square feet of

building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$91,509 to \$135,403 or from \$30.84 to \$32.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,370. The subject has an improvement assessment of \$134,958 or \$40.92 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding, brick or brick and wood siding exterior construction that range in size from 3,052 to 3,271 square feet of living area and were built from 1977 to 1988. Each comparable has a full basement with two having recreation rooms, central air conditioning, one fireplace and an attached garage ranging in size from 396 to 572 square feet of building area. The comparables have improvement assessments ranging from \$127,583 to \$139,743 or from \$40.08 to \$43.92 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to differences in style, dwelling size and/or foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are similar to the subject in location, design, dwelling size, age and features. These comparables have improvement assessments ranging from \$127,583 to \$139,743 or from \$40.08 to \$43.92 per square foot of living area. The subject's improvement assessment of \$134,958 or \$40.92 per square foot of living area, falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
