

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lois Bush  
DOCKET NO.: 19-05962.001-R-1  
PARCEL NO.: 16-27-307-013

The parties of record before the Property Tax Appeal Board are Lois Bush, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,207  
**IMPR.:** \$137,336  
**TOTAL:** \$171,543

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.75-story dwelling of brick exterior construction with 2,394 square feet of living area. The dwelling was built in 1988. Features of the home include a basement with a recreation room, central air conditioning, a fireplace and a 575 square foot garage.<sup>1</sup> The property has a 5,620 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.75-story dwellings of brick exterior construction with 2,394 or

<sup>1</sup> The appellant reported the subject has an unfinished basement while the board of review reported an 804 square foot recreation room in basement which was unrefuted by the appellant.

2,418 square feet of living area and were built in 1988. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage with 529 or 575 square feet of building area. The comparables have improvement assessments of \$132,626 and \$133,624 or \$55.26 and \$55.40 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,543. The subject has an improvement assessment of \$137,336 or \$57.37 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.75-story dwellings of brick exterior construction that have 2,394 or 2,418 square feet of living area and were built in 1988. All comparables have basements, three of which have recreation rooms. Each comparable has central air conditioning, one fireplace and a garage with 529 or 575 square feet of building area. The comparables have improvement assessments ranging from \$135,117 to \$140,312 or from \$55.88 to \$58.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration that are similar to the subject in location, design, age, dwelling size, and most features. However, five of these comparables have unfinished basements unlike the subject and were given less weight by the Board.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are identical to the subject in age, dwelling size, and features as all have recreation rooms in their basements. These comparables have improvement assessments of \$138,081 and \$140,312 or \$57.68 and \$58.61 per square foot of living area. The subject's improvement assessment of \$137,336 or \$57.37 per square foot of living area, falls below the range established by the best comparables in this record. Based on this evidence, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
