

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Noreen Perrone  
DOCKET NO.: 19-05963.001-R-1  
PARCEL NO.: 16-35-412-004

The parties of record before the Property Tax Appeal Board are Noreen Perrone, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$20,369  
**IMPR.:** \$124,716  
**TOTAL:** \$145,085

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,203 square feet of living area. The dwelling was built in 1990 and is approximately 29 years old. Features of the home include a crawl space foundation, central air conditioning, two fireplaces, and a 380 square foot attached garage. The property has a 5,840 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 3,036 to 3,488 square feet of living area and range in age from 38 to 56 years old. Each comparable has a basement, one with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 440 to 744 square feet of building area. The

comparables have improvement assessments ranging from \$114,100 to \$133,272 or from \$37.58 to \$40.03 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,784. The subject has an improvement assessment of \$151,415 or \$47.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding, brick or brick and wood siding exterior construction that range in size from 2,856 to 3,234 square feet of living area and were built from 1982 to 1996. Each comparable has a basement with a recreation room, central air conditioning, one or three fireplaces and an attached garage ranging in size from 506 to 696 square feet of building area. The comparables have improvement assessments ranging from \$131,828 to \$178,883 or from \$44.14 to \$61.52 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds all of these comparables are superior as all have basements, not a feature of the subject. Of these comparables, the Board gives less weight to appellant's comparable #4 and the board of review comparables which have basement recreation rooms when compared to the subject. Furthermore, appellant's comparable #4 is a significantly older dwelling. The remaining comparables are relatively similar to the subject in location, design, dwelling size and some features. However, each comparable is a somewhat dwelling with an unfinished basement when compared to the subject. These comparables have improvement assessments ranging from \$114,100 to \$133,272 or from \$37.58 to \$39.93 per square foot of living area. The subject's improvement assessment of \$151,415 or \$47.27 per square foot of living area, falls above the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences in age and features when compared to the subject, the Board finds the appellant did prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
