

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marshall Dapin
DOCKET NO.: 19-05968.001-R-1
PARCEL NO.: 16-27-307-016

The parties of record before the Property Tax Appeal Board are Marshall Dapin, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,207
IMPR.: \$144,673
TOTAL: \$178,880

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,434 square feet of living area. The dwelling was constructed in 1988 and is approximately 31 years old. Features of the home include a basement with a recreation room, central air conditioning, a fireplace and a 529 square foot garage. The property has a 6,070 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 2,327 to 2,434 square feet of living area. The dwellings are each 31 years old. Each comparable has a basement, one of which has finished area. Each comparable has central air

conditioning, a fireplace and a garage that ranges in size from 505 to 621 square feet of building area. The comparables have improvement assessments that range from \$130,642 to \$136,012 or from \$55.88 to \$56.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$136,936 or \$56.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,880. The subject property has an improvement assessment of \$144,673 or \$59.44 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick exterior construction with either 2,385 or 2,434 square feet of living area. The dwellings were each built in 1988. The comparables each have a basement with a recreation room, central air conditioning, a fireplace and a garage with either 529 or 544 square feet of building area. The comparables have improvement assessments that range from \$136,700 to \$145,446 or from \$56.72 to \$59.76 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 as none of the dwellings have a basement recreation room like the subject. The Board also gives less weight to appellant's comparable #4 and board of review comparable #3 due to their smaller dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, #4 and #5 which are similar to the subject in location and most features, and identical to the subject in dwelling size, design and age. The comparables have improvement assessments that range from \$138,068 to \$145,446 or from \$56.72 to \$59.76 per square foot of living area. The subject's improvement assessment of \$144,673 or \$59.44 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is justified. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
