

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judith Brill
DOCKET NO.: 19-05980.001-R-1
PARCEL NO.: 16-34-305-044

The parties of record before the Property Tax Appeal Board are Judith Brill, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,553
IMPR.: \$118,437
TOTAL: \$177,990

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,145 square feet of living area. The dwelling was constructed in 1972 and is approximately 47 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 484 square foot garage. The property has a site with approximately 19,780 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,932 to 5,835 square feet of living area. The dwellings range

in age from 41 to 89 years old. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a garage that ranges in size from 276 to 552 square feet of building area. The comparables have improvement assessments that range from \$100,926 to \$203,795 or from \$34.29 to \$34.93 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$108,596 or \$34.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,990. The subject property has an improvement assessment of \$118,437 or \$37.66 per square foot of living area.

In response to the appeal, the board of review asserted that the three of the four appellant's comparables were notably older than the subject and two comparables are 28% and 86% larger in above ground living area (AGLA). The board of review provided a grid analysis reiterating the appellant's comparables, which included additional descriptive data. The board of review reported that appellant's comparables #2 and #4 have effective ages of 1946 and 1982, respectively.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,040 to 3,216 square feet of living area. The dwellings were built from 1968 to 1978 with comparable #1 having a reported effective age of 1971. The comparables each have an unfinished basement, central air conditioning, a fireplace and a garage that ranges in size from 246 to 572 square feet of building area. Comparable #5 has an inground swimming pool. The comparables have improvement assessments that range from \$118,669 to \$127,748 or from \$38.83 to \$40.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 due to their larger dwelling size or older age when compared to the subject dwelling. The Board gives reduced weight to board of review comparable #5 as it has an inground swimming pool, not a feature of the subject. The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are overall more similar to the subject in location, dwelling size, design, age

and most features. The comparables have improvement assessments that range from \$112,324 to \$127,748 or from \$34.88 to \$40.00 per square foot of living area. The subject's improvement assessment of \$118,437 or \$37.66 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
