

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexander Padalko  
DOCKET NO.: 19-05994.001-R-1  
PARCEL NO.: 16-26-105-013

The parties of record before the Property Tax Appeal Board are Alexander Padalko, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$91,311  
**IMPR.:** \$39,051  
**TOTAL:** \$130,362

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 968 square feet of living area. The dwelling was constructed in 1954 and is approximately 65 years old. Features of the home include an unfinished basement and a 280 square foot garage. The property has a 15,167 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property, two of which are on the same street as the subject. The appellant reported that the comparables are improved with dwellings, one of which is described as a residence and three are described as one-story dwellings. The dwellings have brick or wood exterior construction and range in size

from 924 to 1,811 square feet of living area. The dwellings range in age from 64 to 99 years old. The appellant reported that one comparable has a crawl space foundation, three comparables each have an unfinished basement, two comparables have central air conditioning, two comparables each have a fireplace and three comparables each have a garage that ranges in size from 308 to 528 square feet of building area. The comparables have improvement assessments that range from \$27,526 to \$60,351 or from \$29.79 to \$33.79 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$31,380 or \$32.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$130,362. The subject property has an improvement assessment of \$39,051 or \$40.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property, one of which is on the same street as the subject. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 897 to 999 square feet of living area. The dwellings were built from 1951 to 1955 with comparable #1 having a reported effective age of 1969. The comparables each have a basement, two of which have recreation rooms. Each comparable has central air conditioning, two comparables each have one fireplace and one comparable has a garage with 384 square feet of building area. The comparables have improvement assessments that range from \$39,023 to \$47,386 or from \$43.50 to \$47.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes and/or older ages when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. These comparables are relatively similar to the subject in location, dwelling size, design and age, but have features with varying degrees of similarity when compared to the subject. The comparables have improvement assessments that range from \$39,023 to \$47,386 or from \$43.50 to \$47.43 per square foot of living area. The subject's improvement assessment of \$39,051 or \$40.34 per square foot of living area falls below the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
