

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karen Morgen
DOCKET NO.: 19-06001.001-R-1
PARCEL NO.: 16-10-312-001

The parties of record before the Property Tax Appeal Board are Karen Morgen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,254
IMPR.: \$85,600
TOTAL: \$127,854

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,140 square feet of living area. The dwelling was constructed in 1970 and is 49 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 486 square foot garage. The property has an approximately 9,150 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal; no dispute was raised concerning the land assessment. In support of this argument the appellant submitted information on four equity comparables improved with two-story homes of brick or wood siding exterior construction ranging in size from 2,080 to 2,862 square feet of living area. The dwellings are from 54 to 80 years old. The homes each have a basement, one of which has finished area, central air conditioning, and a garage ranging in size from 440 to 651

square feet of building area. Three of homes each have one or two fireplaces. The comparables are located from 0.02 to 0.71 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$76,350 to \$106,954 or from \$36.18 to \$37.37 per square foot of living area. Based upon this evidence, the appellant requested the subject property's improvement assessment be reduced to \$78,949 or \$36.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,854. The subject property has an improvement assessment of \$85,600 or \$40.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables improved with two-story homes of brick, dryvit, or brick and wood siding exterior construction ranging in size from 2,028 to 2,284 square feet of living area. The dwellings were built from 1945 to 1979 with effective ages ranging from 1964 to 1980. The homes each have a basement, five of which have finished area, central air conditioning, and a garage ranging in size from 420 to 609 square feet of building area. Six of the comparables each have a fireplace. The comparables are located from 0.03 to 0.72 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$81,152 to \$102,371 or from \$39.02 to \$44.90 square feet of living area. Based upon this evidence, the board of review requested confirmation of the subject property's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of twelve comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4, due to their significantly larger dwelling size or their finished basement area when compared to the subject. Furthermore, the appellant's comparables #1 and #3 each have a considerably older home than the subject dwelling. The Board also gives less weight to the board of review's comparables #1, #2, #4, #6, #7, and #8, due to their considerably newer effective ages when compared to the subject and/or their finished basement area which the subject does not feature.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparables #3 and #5, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$76,350 to \$86,987 or from \$36.71 to \$42.89 per square foot of living area. The subject's improvement assessment of \$85,600 or \$40.00 per square foot of living area falls within the

range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
