

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allan Van Every  
DOCKET NO.: 19-06039.001-R-1  
PARCEL NO.: 16-29-112-016

The parties of record before the Property Tax Appeal Board are Allan Van Every, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$66,379  
**IMPR.:** \$396,853  
**TOTAL:** \$463,232

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 4,859 square feet of living area. The dwelling was built in 2011 and is 8 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a 739 square foot attached garage. The property has a 23,440 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 4,320 to 5,525 square feet of living area and are 11 or 12 years old. The comparables have basements, one has finished area. Other features of each comparable include central air conditioning, one fireplace and an attached garage ranging in size

from 688 to 818 square feet of building area. The comparables have improvement assessments ranging from \$312,866 to \$399,852 or from \$70.63 to \$72.43 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$463,232. The subject has an improvement assessment of \$396,853 or \$81.67 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction that range in size from 4,846 to 5,707 square feet of living area and were built from 2008 to 2015. Each comparable has a basement with four having recreation rooms, central air conditioning, one to three fireplaces and an attached garage ranging in size from 726 to 1,006 square feet of building area. The comparables have improvement assessments ranging from \$396,980 to \$444,633 or from \$76.79 to \$82.69 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and board of review comparables #1, #2, #4 and #5 due to basement finished area/recreation rooms when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are overall more similar to the subject in location, age, style, dwelling size, and features. These comparables have improvement assessments ranging from \$312,866 to \$396,980 or from \$70.63 to \$81.92 per square foot of living area. The subject's improvement assessment of \$396,853 or \$81.67 per square foot of living area, falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
