

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Angelo Valenti
DOCKET NO.: 19-06048.001-R-1
PARCEL NO.: 16-16-103-002

The parties of record before the Property Tax Appeal Board are Angelo Valenti, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,952
IMPR.: \$122,080
TOTAL: \$184,032

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,472 square feet of living area. The dwelling was built in 1977 and is 42 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, a 462 square foot attached garage and a 960 square foot detached garage. The property has a 27,817 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 2,434 to 2,484 square feet of living area and are 42 years old. Each comparable is reported to have an unfinished basement, central air conditioning, one fireplace and attached garage ranging in size from 462 to 528 square feet of building area. The comparables have

improvement assessments ranging from \$107,427 to \$116,464 or from \$43.82 to \$47.84 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$184,032. The subject has an improvement assessment of \$122,080 or \$49.39 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick and wood siding exterior construction. Each comparable has 2,472 square feet of living area and was built in 1977 or 1978. Each comparable has an unfinished basement, central air conditioning, one fireplace and a attached garage with 462 square feet of building area. The comparables have improvement assessments ranging from \$115,054 to \$122,201 or from \$46.54 to \$49.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration that are similar to the subject in location, age, dwelling sizes and features. However, none of the comparables have an additional detached garage like the subject. These comparables have improvement assessments ranging from \$107,427 to \$122,201 or from \$43.82 to \$49.43 per square foot of living area. The subject's improvement assessment of \$122,080 or \$49.39 per square foot of living area, falls within the range established by the comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences including garages when compared to the subject, the Board finds the subject's improvement assessment is well supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
