

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Rubens
DOCKET NO.: 19-06051.001-R-1
PARCEL NO.: 16-35-201-002

The parties of record before the Property Tax Appeal Board are David Rubens, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,986
IMPR.: \$70,800
TOTAL: \$140,786

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick construction with 1,897 square feet of living area. The dwelling was constructed in 1957 and is approximately 62 years old. Features of the home include a basement, central air conditioning and an attached garage with 494 square feet of building area. The property has a 17,830 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story dwellings of brick construction ranging in size from 2,129 to 2,378 square feet of living area. The homes range in age from 56 to 69 years old. Two comparables have basements with one described as having finished area, each property has central air conditioning, three comparables have one or two fireplaces, and each property has an

attached garage ranging in size from 294 to 484 square feet of building area. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$61,852 to \$83,238 or from \$26.01 to \$35.36 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$59,148.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,786. The subject property has an improvement assessment of \$70,800 or \$37.32 per square foot of living area. The board of review described the subject property as having a basement with finished area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with one-story dwellings of brick, wood siding or brick and wood siding exteriors ranging in size from 1,783 to 2,124 square feet of living area. The homes were built from 1956 to 1964. Each comparable has a basement with three being finished with recreation rooms, central air conditioning, one fireplace and an attached garage ranging in size from 312 to 552 square feet of building area. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$73,257 to \$102,219 or from \$40.52 to \$52.18 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparables submitted by the board of review as these properties are improved with homes more similar to the subject dwelling in size and features than are the comparables provided by the appellant. The board of review comparables have improvement assessments that range from \$73,257 to \$102,219 or from \$40.52 to \$52.18 per square foot of living area. The subject's improvement assessment of \$70,800 or \$37.32 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
