

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amichai Treves
DOCKET NO.: 19-06052.001-R-1
PARCEL NO.: 16-29-417-007

The parties of record before the Property Tax Appeal Board are Amichai Treves, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,271
IMPR.: \$104,308
TOTAL: \$134,579

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of brick and wood siding exterior construction with 1,620 square feet of living area. The dwelling was constructed in 1948 and is approximately 71 years old. Features of the property include a basement partially finished with a recreation room, central air conditioning, one fireplace and detached garage with 485 square feet of building area. The property has a 5,750 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with 1.5-story, 1.8-story or 2-story dwellings of brick or wood siding exterior construction ranging in size from 1,529 to 2,189 square feet of living area. The dwellings range in age from 71 to 97 years old. Each comparable has a basement with one

described as having finished area, two comparables have central air conditioning, two comparables have one fireplace, and each property has a detached garage ranging in size from 396 to 511 square feet of building area. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$86,253 to \$131,903 or from \$52.95 to \$60.26 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$90,460.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,579. The subject property has an improvement assessment of \$104,308 or \$64.39 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with 1.5-story, 1.75-story or 2-story dwellings of brick, wood siding or brick and wood siding exteriors ranging in size from 1,526 to 1,638 square feet of living area. The homes were built from 1935 to 1954. Four comparables have basements with two being finished with recreation rooms, three comparables have central air conditioning, three comparables have one fireplace and each property has a detached garage ranging in size from 280 to 440 square feet of building area. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$86,253 to \$112,512 or from \$56.41 to \$72.12 per square foot of living area. Board of review comparable #5 is the same property as appellant's comparable #3.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #2 through #5, which includes the common comparable submitted by the parties, as these comparables are most similar to the subject property in age, size and features. These best comparables have improvement assessments that range from \$86,253 to \$112,512 or from \$56.41 to \$72.12 per square foot of living area. The subject's improvement assessment of \$104,308 or \$64.39 per square foot of living area falls within the range established by the best comparables in this record. Less weight is given the remain comparables due to differences from the subject dwelling in age, size, and/or foundation. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
