

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neil Johnson
DOCKET NO.: 19-06056.001-R-1
PARCEL NO.: 16-10-315-018

The parties of record before the Property Tax Appeal Board are Neil Johnson, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,695
IMPR.: \$87,343
TOTAL: \$139,038

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a tri-level single-family dwelling of wood siding exterior construction with 1,437 square feet of above ground living area. The dwelling was built in 1955 but has an effective year built of 1975 and a chronological age of 64 years old. Features of the home include a lower level with 696 square feet of finished area, central air conditioning, one fireplace, and an attached garage with 440 square feet of building area. The property has a 12,720 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with tri-level style dwellings of brick, stone, or wood siding exterior construction ranging in size from 1,634 to 1,687 square feet of above ground living area. The homes are either 59 or 63 years old. Each property has a lower level with finished area ranging

in size from 403 to 760 square feet and central air conditioning. Two comparables have one fireplace and two comparables have an attached or detached garage with either 506 or 572 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from .09 to 1.16 miles from the subject property. The comparables have improvement assessments ranging from \$78,097 to \$82,773 or from \$46.85 to \$50.66 per square foot of above ground living area. The appellant requested the subject's assessment be reduced to \$70,348.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,038. The subject property has an improvement assessment of \$87,343 or \$60.78 per square foot of above ground living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with tri-level style dwellings of wood siding or brick and wood siding exterior construction ranging in size from 1,465 to 1,584 square feet of above ground living area. The homes were built from 1955 to 1965. Each property has a lower level with finished area ranging in size from 690 to 1,363 square feet, central air conditioning, and an attached garage ranging in size from 264 to 598 square feet of building area. Two comparables have one fireplace and comparable #3 has a small unfinished basement. The comparables have the same assessment neighborhood code as the subject property and are located from .05 to .31 miles from the subject property. The comparables have improvement assessments ranging from \$86,964 to \$99,038 or from \$56.87 to \$63.73 per square foot of above ground living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these properties are more similar to the subject property in location, dwelling size, and features than are the comparables provided by the appellant. The board of review comparables have improvement assessments that range from \$86,964 to \$99,038 or from \$56.87 to \$63.73 per square foot of above ground living area. The subject's improvement assessment of \$87,343 or \$60.78 per square foot of above ground per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
