

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mina Perlin  
DOCKET NO.: 19-06066.001-R-1  
PARCEL NO.: 16-10-315-017

The parties of record before the Property Tax Appeal Board are Mina Perlin, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$51,427  
**IMPR.:** \$102,733  
**TOTAL:** \$154,160

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level dwelling of wood siding and brick exterior construction with 2,181 square feet of above ground living area. The dwelling was constructed in 1955 and is approximately 64 years old. The dwelling has a reported effective age of 1968. Features of the home include a finished lower level, central air conditioning, a fireplace and a 462 square foot attached garage. The property has a site with approximately 12,650 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with tri-level dwellings of brick or wood siding exterior construction ranging in size from 1,900 to 2,867 square feet of above ground living area. The dwellings range

in age from 60 to 62 years old. Each comparable has a finished lower level and central air conditioning. The appellant reported that one comparable has a fireplace and two comparables each have an attached garage with either 357 or 494 square feet of building area. The garage section in the appellant's grid describes two comparables with none/494. The comparables have improvement assessments that range from \$81,904 to \$118,502 or from \$41.33 to \$44.19 per square foot of above ground living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$93,297 or \$42.78 per square foot of above ground living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$154,160. The subject property has an improvement assessment of \$102,733 or \$47.10 per square foot of above ground living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with tri-level dwellings of brick and wood siding exterior construction ranging in size from 1,946 to 2,063 square feet of above ground living area. The dwellings were built in 1956 or 1963 with comparable #1 having a reported effective age of 1962. The comparables each have a finished lower level and an attached garage with either 462 or 483 square feet of building area. The board of review reported that one comparable has central air conditioning and four comparables each have either one or two fireplaces. The comparables have improvement assessments that range from \$102,787 to \$104,791 or from \$50.02 to \$52.82 per square foot of above ground living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design and age. However, of these eight comparables, the Board finds two of the appellant's comparables and four of the board of review comparables are inferior to the subject due to their lack of a garage or central air conditioning. Nevertheless, the comparables have improvement assessments that range from \$81,904 to \$104,791 or from \$42.48 to \$52.82 per square foot of above grade living area, respectively. The subject's improvement assessment of \$102,733 or \$47.10 per square foot of

above grade living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
