

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Hart
DOCKET NO.: 19-06068.001-R-1
PARCEL NO.: 16-34-201-019

The parties of record before the Property Tax Appeal Board are Douglas Hart, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,209
IMPR.: \$91,544
TOTAL: \$135,753

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of brick and wood siding exterior construction with 1,786 square feet of above ground living area. The dwelling was constructed in 1974 and is approximately 45 years old. Features of the home include a finished lower level, central air conditioning and a 550 square foot garage. The property has an 8,700 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with tri-level dwellings of brick exterior construction ranging in size from 1,616 to 2,239 square feet of above ground living area. The dwellings range in age from 56 to 61 years old. Each comparable has a finished lower level, central air conditioning and a

garage that ranges in size from 266 to 793 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$75,398 to \$94,687 or from \$42.29 to \$46.66 per square foot of above ground living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$79,398 or \$44.46 per square foot of above ground living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,753. The subject property has an improvement assessment of \$91,544 or \$51.26 per square foot of above ground living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The board of review's comparable #2 is a duplicate of the appellant's comparable #3. The comparables are improved with tri-level dwellings of brick and wood siding exterior construction ranging in size from 1,603 to 1,832 square feet of above ground living area. The dwellings were built from 1959 to 1977 with comparables #1, #2 and #5 having reported effective ages of 1985, 1967 and 1965, respectively. The comparables each have a finished lower level, central air conditioning and a garage that ranges in size from 440 to 638 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$77,512 to \$99,126 or from \$44.22 to \$58.93 per square foot of above ground living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration, as one comparable was common to both parties. The Board gives less weight to the appellant's comparables #1 and #2 due to their larger dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design and most features. Of these comparables, the Board finds that six comparables have somewhat older dwellings when compared to the subject. Nevertheless, the seven comparables have improvement assessments that range from \$75,398 to \$99,126 or from \$44.22 to \$58.93 per square foot of above grade living area. The subject's improvement assessment of \$91,544 or \$51.26 per square foot of above grade living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
