

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Enrique Rodriguez
DOCKET NO.: 19-06073.001-R-1
PARCEL NO.: 16-10-321-002

The parties of record before the Property Tax Appeal Board are Enrique Rodriguez, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,243
IMPR.: \$66,638
TOTAL: \$121,881

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 1,454 square feet of living area. The dwelling was constructed in 1956 and is approximately 63 years old. Features of the home include a basement with a recreation room, central air conditioning and a 598 square foot garage. The property has a 14,762 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 1,494 to 1,574 square feet of living area. The dwellings range in age from 62 to 64 years old. Each comparable has an unfinished basement and central air conditioning. The appellant

reported that two comparables each have a garage with either 345 or 368 square feet of building area. The comparables have improvement assessments that range from \$59,328 to \$63,487 or from \$39.21 to \$41.62 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$58,450 or \$40.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,881. The subject property has an improvement assessment of \$66,638 or \$45.83 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,358 to 1,610 square feet of living area. The dwellings were built from 1954 to 1962 with four comparables having reported effective ages that range from 1974 to 1977. Each comparable has a basement with a recreation room, central air conditioning and a garage that ranges in size from 368 to 644 square feet of building area. Four comparables each have a fireplace. The comparables have improvement assessments that range from \$72,781 to \$85,975 or from \$48.91 to \$62.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds these comparables are relatively similar to the subject in location, dwelling size and design. However, the Board finds the appellant's comparables differ from the subject in that they have unfinished basements and/or lack of a garage, while four of the board of review comparables have newer effective ages when compared to the subject. Nevertheless, these nine comparables have improvement assessments that range from \$59,328 to \$85,975 or from \$39.21 to \$62.06 per square foot of living area. The subject's improvement assessment of \$66,638 or \$45.83 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences in age and features when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
