

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

| APPELLANT:   | Dominic Ugolini  |
|--------------|------------------|
| DOCKET NO .: | 19-06075.001-R-1 |
| PARCEL NO .: | 16-14-313-010    |

The parties of record before the Property Tax Appeal Board are Dominic Ugolini, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>no change</u> in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

| LAND:  | \$37,005  |
|--------|-----------|
| IMPR.: | \$84,209  |
| TOTAL: | \$121,214 |

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### **Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,168 square feet of living area. The dwelling was constructed in 1920 and has a reported effective age of 1958. Features of the home include a basement finished with a recreation room,<sup>1</sup> central air conditioning, a fireplace and a 720 square foot garage. The property has a site with approximately 7,215 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within 2,428 feet of the subject property and within the same assessment

<sup>&</sup>lt;sup>1</sup> The subject's property record card provided by the board of review disclosed the subject dwelling has a basement finished with an 890 square foot recreation room, which was unrefuted by the appellant.

neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,184 to 2,344 square feet of living area. The dwellings were built from 1915 to 1942. The appellant reported that each comparable has an unfinished basement, central air conditioning and a garage ranging in size from 528 to 624 square feet of building area. The comparables have improvement assessments that range from \$59,501 to \$72,902 or from \$27.24 to \$32.19 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$65,329 or \$30.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,214. The subject property has an improvement assessment of \$84,209 or \$38.84 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within 4,071 feet of the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 1,872 to 2,051 square feet of living area. The dwellings were built from 1898 to 1928 and have reported effective ages that range from 1932 to 1963. The board of review reported that each comparable has a basement, two of which have recreation rooms. The comparables each have central air conditioning and a fireplace. Two comparables each have a garage with 324 or 400 square feet of building area. The comparables have improvement assessments that range from \$71,121 to \$84,949 or from \$37.05 to \$41.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

## **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six suggested equity comparables for the Board's consideration. The Board finds all of the comparables are relatively similar to the subject in location, dwelling size and design. However, the Board finds five of the comparables have older effective ages, four comparables have no basement recreation room and one comparable has no garage when compared to the subject. Nevertheless, these six comparables have improvement assessments ranging from \$59,501 to \$84,949 or from \$27.24 to \$41.42 per square foot of living area. The subject's improvement assessment of \$84,209 or \$38.84 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
