

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Smith
DOCKET NO.: 19-06076.001-R-1
PARCEL NO.: 16-36-123-021

The parties of record before the Property Tax Appeal Board are Jeffrey Smith, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$77,061
IMPR.: \$44,027
TOTAL: \$121,088

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,351 square feet of living area. The dwelling was constructed in 1951. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 336 square foot garage.¹ The property has an 11,210 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within 2,168 feet of the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of

¹ The subject's property record card provided by the board of review disclosed the subject has a 336 square foot garage, which was unrefuted by the appellant.

brick or wood siding exterior construction ranging in size from 1,014 to 1,307 square feet of living area. The dwellings were built from 1940 to 1954. Each comparable has a concrete slab foundation, one comparable has central air conditioning and two comparables each have a fireplace. The comparables have improvement assessments that range from \$30,202 to \$38,356 or from \$29.35 to \$30.02 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$40,094 or \$29.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,088. The subject property has an improvement assessment of \$44,027 or \$32.59 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within 3,573 feet of the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick, wood siding or stone exterior construction ranging in size from 1,204 to 1,404 square feet of living area. The dwellings were built from 1950 to 1959 with comparables #2 and #5 having reported effective ages of 1970 and 1960, respectively. The board of review reported that each comparable has a basement, four of which have recreation rooms. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 264 to 552 square feet of building area. The comparables have improvement assessments that range from \$53,907 to \$60,145 or from \$40.20 to \$49.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds none of the comparables are truly similar to the subject. The Board finds none of the appellant's comparables have a garage, two comparables have smaller dwelling sizes and three comparables lack central air conditioning and/or a fireplace, when compared to the subject dwelling. The Board finds the board of review comparables all have basements, four of which have recreation rooms in contrast to the subject's concrete slab foundation. Nevertheless, these nine comparables have improvement assessments ranging from \$30,202 to \$60,145 or from \$29.35 to \$49.32 per square foot of living area. The subject's improvement assessment of \$44,027 or \$32.59 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
