

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Greenberg
DOCKET NO.: 19-06077.001-R-1
PARCEL NO.: 16-25-309-036

The parties of record before the Property Tax Appeal Board are Scott Greenberg, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$162,321
IMPR.: \$453,846
TOTAL: \$616,167

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding and Dryvit exterior construction containing 7,080 square feet of living area. The dwelling was built in 1991 with an effective date of construction of 1999 and a chronological age of 28 years old. Features of the home include a walk-out basement with a recreation room, central air conditioning, two fireplaces, and an attached garage with 957 square feet of building area. The property has a site with approximately 34,990 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story or three-story dwellings of stucco, brick or wood siding exterior construction ranging in size from 6,446 to 7,905 square feet of living area. The homes

range in age from 32 to 51 years old. Each comparable has a basement with finished area, central air conditioning, two or four fireplaces, and an attached garage ranging in size from 782 to 975 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$393,876 to \$484,991 or from \$59.65 to \$62.29 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$432,824.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$616,167. The subject property has an improvement assessment of \$453,846 or \$64.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of Dryvit, wood siding or brick exterior construction ranging in size from 7,035 to 7,745 square feet of living area. The homes were built from 1991 or 1998. Each property has a basement with a recreation room, central air conditioning, one to four fireplaces, and an attached garage ranging in size from 936 to 1,475 square feet of building area. Comparables #1, #2 and #3 have inground swimming pools. The comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$455,678 to \$501,865 or from \$59.55 to \$71.34 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables due to differences from the subject dwelling in style, size, and/or age. The Board finds the best comparables in this record to be provided by the board of review. These comparables are similar to the subject in most respects with the exception that comparables #1 through #3 have inground swimming pools, a feature the subject does not have. The board of review comparables have improvement assessments that range from \$455,678 to \$501,865 or from \$59.55 to \$71.34 per square foot of living area. The subject's improvement assessment of \$453,846 or \$64.10 per square foot of living area falls below the overall range but is within the range on a per squarer foot basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
