

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Genaro Mendez Vargas

DOCKET NO.: 19-06086.001-R-1 PARCEL NO.: 04-20-226-019

The parties of record before the Property Tax Appeal Board are Genaro Mendez Vargas, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>no change</u> in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,905 **IMPR.:** \$37,956 **TOTAL:** \$43,861

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of vinyl siding exterior construction with 1,502 square feet of living area. The dwelling was built in 1956 and is approximately 63 years old. Features of the property include an unfinished full basement, two fireplaces, an attached garage with 286 square feet of building area and a detached garage with 576 square feet of building area. The property has a 20,600 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story dwellings of wood siding or stucco exterior construction ranging in size from 1,012 to 1,638 square feet of living area. The homes are from 56 to 108 years old. Each comparable has an unfinished full basement and two comparables have central

air conditioning. Three comparables also have detached or attached garages, however, the appellant did not provide any information with respect to the size of the garages. The comparables have the same assessment neighborhood code as the subject property and are located from 1,238 to 4,564 feet from the subject property. The comparables have improvement assessments ranging from \$18,587 to \$30,164 or from \$17.92 to \$18.42 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$27,411.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,861. The subject property has an improvement assessment of \$37,956 or \$25.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,500 to 1,704 square feet of living area. The homes were built from 1955 to 1965. Each comparable has a full unfinished basement, one comparable has central air conditioning, three comparables have one or two fireplaces, and each comparable has an attached garage ranging in size from 480 to 672 square feet of building area. Comparables #1, #2 and #4 also have detached garages with 768, 624 and 640 square feet of building area, respectively. The comparables have the same assessment neighborhood code as the subject property and are located from 578 to 5,472 feet from the subject property. The comparables have improvement assessments ranging from \$38,010 to \$45,491 or from \$24.65 to \$26.70 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables due to differences from the subject dwelling in age and/or size. The Board gives most weight to the board of review comparables as these comparables are improved with dwellings more similar to the subject dwelling in size and age than the appellant's comparables. The board of review comparables have improvement assessments that range from \$38,010 to \$45,491 or from \$24.65 to \$26.70 per square foot of living area. The subject's improvement assessment of \$37,956 or \$25.27 per square foot of living area falls within the range established by the best comparables in this record on a per square foot basis. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
