

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Baoguo Jiang  
DOCKET NO.: 19-06095.001-R-1  
PARCEL NO.: 03-27-101-003

The parties of record before the Property Tax Appeal Board are Baoguo Jiang, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,202  
**IMPR.:** \$159,354  
**TOTAL:** \$187,556

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of brick exterior construction with 4,479 square feet of living area. The dwelling was constructed in 2004 and is approximately 15 years old. Features of the home include an unfinished full basement, central air conditioning, two fireplaces, and an attached garage with 913 square feet of building area. The property has a site with approximately 45,740 square feet of land area and is located in Wadsworth, Newport Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story style dwellings of wood siding or brick exterior construction ranging in size from 3,694 to 4,412 square feet of living area. The homes are 18 or 20 years old. Each comparable has a full unfinished basement, central air conditioning, two or

three fireplaces, and an attached garage ranging in size from 728 to 1,102 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$119,341 to \$145,885 or from \$31.85 to \$33.07 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$145,567.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,556. The subject property has an improvement assessment of \$159,354 or \$35.58 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of wood siding, brick or brick and wood siding exterior construction ranging in size from 4,141 to 4,718 square feet of living area. The homes were built from 2001 to 2005. Each property has an unfinished basement, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 943 to 1,198 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$145,885 to \$169,363 or from \$33.07 to \$37.25 per square foot of living area. Board of review comparable #5 is the same property as appellant's comparable #4.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables submitted by the parties to support their respective positions with one property being common to the parties. The Board gives less weight to appellant's comparable #2 due to differences from the subject in dwelling size. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #3 and #4 as well as the comparables submitted by the board of review, which includes the common comparable. These properties are all similar to the subject in location, dwelling size, style, age and features. These comparables have improvement assessments that range from \$138,536 to \$169,363 or from \$31.85 to \$37.25 per square foot of living area. The subject's improvement assessment of \$159,354 or \$35.58 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
