

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peggy Shapiro
DOCKET NO.: 19-06106.001-R-1
PARCEL NO.: 16-32-411-083

The parties of record before the Property Tax Appeal Board are Peggy Shapiro, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,373
IMPR.: \$145,099
TOTAL: \$172,472

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood-siding exterior construction with 2,436 square feet of living area. The dwelling was constructed in 1990 with an effective year built of 1989 and is approximately 29 years old.¹ Features of the home include a full unfinished basement, central air conditioning, a fireplace, and an attached garage containing 441 square feet of building area. The property has a 3,220-square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject property. The properties

are improved with 2-story dwellings of brick exterior construction each containing 2,436 square feet of living area. The dwellings were built from 26 to 29 years ago. Each home features a full unfinished basement, central air conditioning, a fireplace, and an attached garage containing 441 square feet of building area. The comparables each have an improvement assessment of \$130,588 or \$53.60 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$130,569 or \$53.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,472. The subject property has an improvement assessment of \$145,099 or \$59.56 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick and wood-siding exterior construction each containing 2,436 square feet of living area. The dwellings were built in either 1989 or 1990. Each comparable features a full unfinished basement, central air conditioning, a fireplace, and an attached garage containing 441 square feet of building area. The properties each have an improvement assessment of \$145,099 or \$59.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity regarding the improvement as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's improvement assessment is not warranted.

The parties submitted a total of nine comparables in support of their respective positions before the Property Tax Appeal Board. The parties' comparables have virtually identical characteristics to the subject property. The comparables have improvement assessments of either \$130,588 or \$145,099 or either \$53.60 or \$59.56 per square foot of living area. The subject's improvement assessment of \$145,099 or \$59.56 per square foot of living area is supported by the board of review comparables. Although the comparables presented by the parties disclosed that properties located in the same assessment neighborhood code area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. See Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960).

Based on the evidence in this record, the Board finds that the appellant has not demonstrated by clear and convincing evidence that the subject dwelling is inequitably assessed and, therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
